# ROBIN HOOD for boys, Center Ossipee, N.H.

"The art of progress is to preserve order amid change and to preserve change amid order."

Our 60th season opened with Robin Hood welcoming a new sports program for girls and closed with a Reunion of Alumni that renewed and strengthened old ties. "The more the change, the more it is the same thing." Robin Hood in its 60th year -- so much the same as it has always been -- an island of stability in a transient world -- new dimensions added, old boundaries preserved just as new equipment is added while old facilities are upgraded and improved. Robin Hood -- changing, yet ever the same.

We celebrated another milestone in this, our 60th year. Robin Hood has always been the total effort of many people, the blending of many programs and personalities, the result of many hours of labor and skill from all concerned. This year two men who are very vital to the success of Robin Hood spent their 20th summer at the Realm. We cannot imagine getting along without Chuck Downie. Superlatives are necessary when describing his quiet yet forceful way of making sure Robin Hood runs. He knows where every vehicle, every counselor, every camper is heading every day for 63 days. He schedules all the activities and then makes sure they go as planned. He and Chuck Illig make a powerful team, a team that ensures a smooth summer for over 200 people.

This is also John Klein's 20th year at Robin Hood, as camper, counselor and now director. His love for Robin Hood is evident in the commitment he undertook when Andy died and in the enormous amount of effort, energy and time he spends making RH a camp in his image. John values tradition, yet is not afraid of change. He loves sports and competition, but loves sportsmanship more. He is quiet, non-judgemental, dealing with campers and staff honestly and fairly and expecting the same in return. He listens with an open mind to any and all, yet cannot be pushed into precipitous action. He is a great friend, always willing to give a second chance, intolerant only of those who will not finish the job.

So to Chuck, to John, we dedicate this yearbook and our love.

## SONGS OF ROBIN HOOD

1. CAMP ALMA MATER

Far from the city's rushing streams,  
Far from strife and care,  
Lies the haven of our dreams,  
ROBIN HOOD so fair.  
ROBIN HOOD, here she lies  
Under skies so blue.  
We will ever sing thy praise;  
To thee we'll ere be true.  
Friends, friends, friends  
We will always be.  
Whether in fair or in bad stormy weather,  
We'll stand, or we'll fall together.  
For ROBIN HOOD there will always be  
A band celebrating, 'til death separating,  
For ROBIN HOOD.

2. A BAND OF BROTHERS

A band of brothers we march along  
With hearts so firm and true,  
Two by two, with hearts so firm and tried,  
In honor of the gallant band  
Who trod the famed Greenwood,  
Shouting CAMP ROBIN HOOD;  
So merrily sing we all to ROBIN HOOD,  
The father of Jollity,  
Whose children are gay and free;  
So merrily sing we all to ROBIN HOOD  
And his Merry-men.  
(Repeat verse - whistle first five lines)

3. GOOD NIGHT

Good night, good night;  
I'll see you in the morning.  
Good night, good night;  
I'll see you in the dawning.  
Sunshine will change the night to day.  
Shadows will softly creep away.  
It's not goodbye, just time to say goodnight.

4. ONE HUNDRED MEN OF ROBIN HOOD

March on brave ROBIN HOOD,  
On to the fray.  
Three cheers for Greenwood's men;  
And we'll bring a vict'ry back today.  
Hurrah! Hurrah! Hurrah!  
One hundred men of ROBIN HOOD  
Want victory today.  
For they know that o'er all rivals  
Fair ROBIN HOOD holds sway.  
So then we'll conquer our foes again,  
And when the game ends we'll sing again:  
"One hundred men of ROBIN HOOD  
Gained victory today."

5. WITH ROBIN HOOD IN TRIUMPH FLASHING

With ROBIN HOOD in triumph flashing  
'Mid the strains of victory,  
All rival's hopes were dashing  
Into black obscurity.  
Resistless our team sweeps goalward  
With the fury of the blast.  
We'll fight for the name of ROBIN HOOD  
'Til the rival's line is past.  
ROBIN HOOD! ROBIN HOOD!  
ROBIN HOOD! ROBIN HOOD!  
ROBIN HOOD! ROBIN HOOD!  
ROBIN HOOD! ROBIN HOOD! ROBIN  
HOOD! (Repeat verse)

6. EVENING SHADES

Here as the evening shades are falling,  
And gone is every care of day,  
We gather and the campfire echoes  
With laugh and song of Greenwood play.  
Thy sons well guarded from all sorrow,  
Linked firm in bonds of bright green hue,  
Forget the cares that come tomorrow,  
And praise our camp today.

7. WELCOME SONG

Come 'round any old time,  
And make yourself at home.  
Put your feet on the mantle shelf;  
Open the cupboard and help yourself.  
We don't care if your friends  
Have left you all alone.  
Rich or poor, just knock at the door,  
And make yourself at home.

8. STAUNCH MEN OF ROBIN HOOD

Staunch men of ROBIN HOOD,  
We sing to thee.  
Far ring the story of our camp eternally.  
From east and west the  
crashing echo's answering call:  
"ROBIN HOOD victorious,  
The champions of all."  
Cheer, cheer, here we are again.  
Just hear it echo back.  
Cheer, cheer, here we are again  
To fight for the Green and White.  
Fight! Fight! Fight!  
ROBIN HOOD, our challenges we send.  
ROBIN HOOD, victorious to the end.  
Just hear the echo of our song.  
O, here we are, O, here we are again.

9. SUN OF VICTORY

The sun of victory is dawning,  
Mark the orange of the sky.  
Better heed the mighty signs of warning,  
ROBIN HOOD aims high.  
Watch the spirit of ROBIN HOOD  
Striving ever towards the goal.  
Give us a yell! Ho!  
Down the field we go  
While ROBIN HOOD's deep thunders roll.

They say that happiness comes in small packages. Well, 10 of these packages were delivered to me in late June. As I unwrapped them on that first day, they merged to form one large and foreboding gift that was to be enjoyed by everyone in camp for the following 8 weeks. There was, in fact, one little package, namely Skyler Steele, that was delivered to the wrong group -- the Foresters! However, it was forwarded promptly and consequently the fun began that lasted for 56 days. Here's how it happened ....

Remember learning our count-off numbers ... the dragon at the waterfront called Ron who ate groups who counted off badly ... Albert trying to run the group from Day 1 ... Geoffrey goes to the infirmary on Day 2 ... Remember the outpost ... the snipe hunt ... Well, guys, that's just a brief glimpse of the great times we had together last summer. We laughed together and cried together, but most importantly we worked together, shared experiences, and became close. You boys are on your way to becoming a powerful force in the Realm in years to come. This year would not have been the success it was without the tremendous work of my staff. To Ken, Jim and Greg, thanks for a job well-done. To Jamie, thanks for the hours in the dark room. To Steve, you did a great job -- good luck with your job in the fall. To Dewey, thanks for all the support, you were there when I needed you -- good luck at college. Most of all, I want to thank you 19 young men for giving me a great summer. You are all very special to me and I will miss you all. Have a good winter, good luck in school and keep in touch.

# ARCHERS

ANDY SOBEL

They came from all over -- Cleveland, New York, Texas, Florida, Maryland, Pennsylvania, Connecticut, Brooklyn, and yes, even England. These were the Archers of '87 who took Robin Hood by storm on that rainy June 26th. The Realm is quiet now, but sometimes I hear a basketball bounce or someone hitting a tennis ball or the laughter at the waterfront. Could it be? Naaah.... we have but the memories -- and what memories they are. Ah, remember....

Remember when ... the first day ... when is everyone getting here? ... no activities the first night ... when is the rain going to end? ... bathroom rules ... Josh Lawch's method to use only two sheets of toilet paper ... orientation in the rain ... laughing when Sobes takes off his bandana ... sleeping when Sobes opens his jacket ... It couldn't have been done without you and I thank you for your support, enthusiasm and understanding. Shires, you started the tradition and I expect to see you all next year. Have a good one!

# ARCHERY

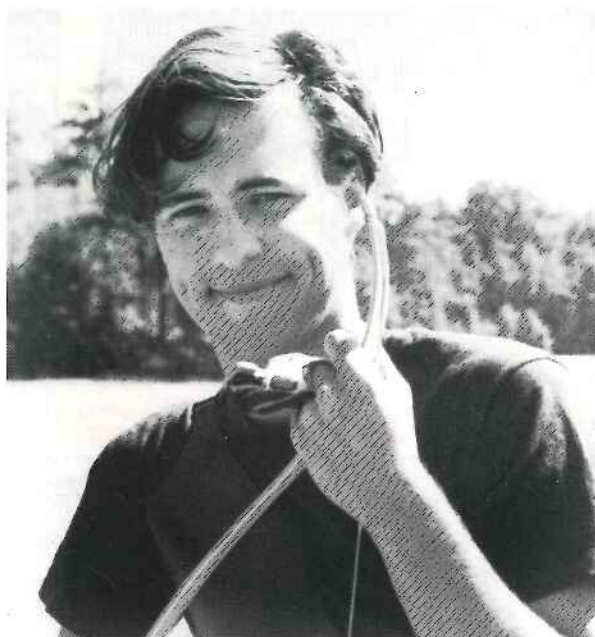

**JIM GALLACHER**

Olympic-style archery arrived at Robin Hood in 1987, complete with targets that take two people to lift, take-apart bows fitted with tournament sights and stabilizer sets ("...does it pick up chanel 4?"), and lightweight aluminum arrows that not only come in handy for spearing delicacies at the Visiting Day buffet, but also group well when you shoot them at 50 yards. The new equipment needed new techniques, and coaches Jim Gallacher and Steve Moss taught campers to shoot the same way as they do themselves in tournaments. The same style of shooting can be found in any target archery club at home.

The most success in the C.A.A. award scheme was achieved by those who put in the most work in learning how to use the new equipment. It is no coincidence that the greatest strength was found in Gallacher's Squires and Moss's Yeomen.

Josh Lawch dominated Junior Camp with the highest award level and the highest score in Green and White. Todd Barnett narrowly won the "Most Improved" award in Junior Camp, combining enthusiasm with hard work. Jeff Jablow and Matt Cohen received an "Honorable Mention" and Mike Brewer, Josh Guttman, Eric Jelin, Albert Cohen and Jon Kauffman can expect to be in the running for next year's teams.

Jack Weiner won the "Most Improved" award in Senior Camp, reaching Silverbow Archer Sharpshooter before his 12th birthday. Jeff Josephson, another graduate of the Whitby Slave Labor Program, and Joey Fishman received an "Honorable Mention". The Green and White performances of Nick Coslov, David Horowitz and

Garrett Graue bode well for the future, and Scott Elisofon showed glimpses of past glories. Steve Goulder and Eric Boyriven have great promise and we suspect that Gary Greaves could show as much in archery as he has done in riflery.

The board was swept by Stefan Friedman. A virtual beginner this summer, he obtained the highest score in the whole camp in Green and White. According to past yearbooks and the famous Naif Al Mutawa memory bank, nobody has ever progressed beyond Silver Bow Archer First Rank (130 points at 40 yards) while still a camper. Stefan, at the age of 12, scored 161 at 40 yards (needing 160) for Silver Bow Archer Sharpshooter. Two days later, at the crack of dawn, Stefan blew away American Archer with 139 points at 50 yards (needing 100).

For the record, the archery stars in the 1987 Robin Hood video were Jeff Jablow, Joey Fishman, Jack Weiner and Stefan Friedman. The most amazing event of the summer was Fahed Al Mutawa's trick shot, when Todd Barnett shot an arrow at the target and Fahed shot it out of the air.

We look forward to 1988 with a bigger and better range, more new equipment, an extra award scheme, team events against other camps, and the First Annual Robin Hood Invitational Archery Tournament.

Being a part of the Robin Hood Realm again has given me the greatest of pleasures. I cannot think of a better way to spend my summer months, or of a place I would rather be. I have been home now for about a month and already my thoughts are of camp, the craft shop and of you who came to work on your projects. This all makes me feel like a small boy again, and at my age such fantasies become most important. The only anguish I suffer is having to write this report for the yearbook! In my early years at Robin Hood it was simple to write such reports. I recorded the scores of ball games, swim meet results and the outcome of archery and riflery matches. I could write several thousand words on all the trips and excursions, and the socials were good for hundreds of words, too. Ah, yes, it was a lot easier in the good old days when I was a group leader. In the craft shop, such reports are most difficult! I cannot say that Doug Spear completed his medicine cabinet in record time. Actually, it took him 2 years! Or that Monique completed her project in three hours, forty-six minutes and ten seconds. Things are not done that way in the shop. In the shop we say an item is finished when it is handsome! Ah, yes, in the old days it was easy. Oh, to be a group leader and in field sports again. Oh, to have a bunk filled with happy and exuberant campers! Yes! Yes! Yes! Next year I will request the position of group leader, then writing the yearbook report will be "like throwing fish in a barrel". I am not altogether sure what that means but it is an expression I have heard all my life. Oh! What am I saying, of what could I be thinking? No! No! No! If I had a cabin of campers I would get insufficient sleep and when I fail to get my proper rest I make for very poor company. I do think it best to remain in the craft shop, to continue as I have as your instructor and scribe.

For the third year in succession, Junior Camp made the craft shop a productive, busy and noisy place with all those familiar customary sounds. The results were most ingratiating! I sincerely hope all those footstools, tool boxes, towel racks, medicine cabinets, shoeshine boxes, etc. all arrived at their destinations safe and sound. These youngsters are learning and all aspired to do bigger and more difficult projects. Almost all of them asked to do the knife holder, perhaps because they knew it was the only project especially allocated for Forester and Saxon groups. I am unhappy to report that no Forester or Saxon has ventured forth to tackle the knife holder. Gentlemen, think of it as swimming fully clothed to the main lake and back! That knife holder is not easy, it only requires skill and patience, such a person could complete it in three or four hours.

One day a member of the Forester group came to me for a "hammer and a lot of nails". I asked him why he never came to crafts. He said it was all right for the little kids but that he had outgrown the craft shop. I understood him but I did not agree with him. One can improve his skills in crafts just as he can in sports. It is a matter of practice, personal pride and nothing more. Let us assume this Forester had made a pencil holder years before as a Squire. Why should he be reluctant to make another? It is the easiest project in the shop. The variation of design is unlimited. He could then compare it with his earlier model and appraise his progress and improvement. There is always a friend or relative who would be most happy to accept it as a gift. You will remember that magnificent pencil holder Dr. Roland W. Moskowitz of Cleveland Ohio created during the summer of 1986. I made full report of it in the yearbook of the same year. Now I am extremely happy to report that exact replicas are being distributed in the East and Far East. Thousands have already been received by the medical professions throughout Europe, the Balkans, Africa, and certain selected areas of Scandinavia! So please, do not belittle the pencil holder!

To those of you who will join the Friar, Forester and Saxon groups next summer, may I make the following suggestions. Surely there is something you could construct that would prove useful to the members of your family. Why not discuss it with your parents. Mother might say she always wanted a thermagene or Dad might express his great need for a parsnip. Measure the areas where they will be used, draw the plans and I will assist you in every way come next summer. You will then be the recipient, the beneficiary of everything the craft shop has to offer. This is the point I wish to stress most of all.

Congratulations once more to Albert Cohen for having earned the Greatest Progress award and to Todd Barnett for winning the Effort and Skill award in Arts and Crafts. Lastly, I would very much like to again express my appreciation to the very kind and thoughtful Gianni family, and particularly to Pietro, for their gift of Italian Toscani. These are the most amazing Italian cigars. These are unavailable in my area and, needless to say, they have made me most happy. And as I said before, I wish to express my heartfelt gratitude to each and every Robin Hood camper, for it is they who make this Robin Hood Realm an oasis of fun, excitement and learning.

# CANOEING

JOHN MAGNAB

Lots of enthusiastic paddlers were willing to put in a great effort at this ancient pastime. The first few weeks of the summer were dedicated to brushing up on existing paddle strokes and learning a few new variations on the old strokes, and didn't we hate it? Not only in Junior Camp but also Senior Camp where some of the paddling techniques were very ----- individual. Then began a whole, almost endless series of trips to the nearest marina for Junior Camp.

Do the Archers remember when we set off at 9:30 A.M. at the beginning of a double period for a quick trip to the marina? We progressed up the overgrown, swampy channel, under the road bridge into the next lake, onwards through the connecting series of lakes and channels, and finally into the end lake at the bottom of beaver dams, which we never actually managed to find before we had to turn back for lunch, which we made with 3 minutes to spare! What a paddle that was, three hours non-stop. There were a few sore muscles that day, weren't there? But don't forget, if it hurts it must be good for you ... mustn't it?

Then one single period on a bright sunny afternoon, ten Yeomen set off for a quick paddle to the island. On arriving, various members of the group promptly disappeared around to the other (forbidden) side of the island where Camp Huckins was waterskiing. Meanwhile, another member of the group managed to get lost (don't forget, it's a big island, at least 100 yards across). Upon being retrieved from the "illegal" side of the island, the majority of the group promptly left, leaving Bill Joseph and myself to find the missing person. By the time he was recovered, the main group was in the middle of the lake and two canoes had capsized with bodies and paddles everywhere. What a mess!

Do the Foresters remember, on one of their few visits to the waterfront, when we took a trip to Lord's Landing Marina in a double period and they bought nearly the entire food supply there, a large proportion of which belonged to Matt Baumuel. With extreme grace, style and expertise he managed to capsize exactly in the middle of the lake, sending silver-covered goodies floating all over the area.

The Squires and the Archers practised righting a swamped canoe using a second rescue canoe. They accomplished this extremely well in both deep and shallow water, and I was most impressed with their strength, balance and co-ordination. But when it came to putting this skill to use in the middle of the lake, could we do it? Well, perhaps next year. I'd like to congratulate all the award winners and to say thanks for making my summer so enjoyable.

# CERAMICS

JOHN FRENCH

1987 was the year that electricians disappeared from the state of New Hampshire. This fact slowed the start of our ceramics program due to kiln ailments. However, after bribing, bargaining, kidnapping, we got underway, starting with the most basic design, the pinch pot. There were so many variations I couldn't keep track. Imaginations ran wild. Clay pots stacked up everywhere. Then we moved on to coil pots. A little tricky, wasn't it? Remember the hearts? The slab projects proved to be a pleaser. Remember having Simon dive for rocks? The rock slabs turned out to be one of the best projects of the summer! On the warmer days the ceramics lab moved outside. Never thought you'd get a tan at ceramics, did you? Once the kiln was fixed the glazes were slapped on left and right, creativity sparked by the abundance of colors. The PJs were led by Evan Spielman's imagination and Albert Cohen's natural talent. Other fine ceramists included Jon Friedland, Geoffrey Graue, Eric Jelin, Jon Kauffman, Matt Leebow and Skyler Steele. Do you remember Matt's bat and deer, or Geoffrey's mug? My thanks to the PJs and their staff, their enthusiasm providing some of the best sessions of the summer. The Squires were our largest group, coming everyday with the full limit of ceramists. Led by veteran Fahed Al Mutawa, they dived right into projects. Remember Eric Leebow's coil pot cookie monster that changed every time we saw it? Or David Greenbaum's rock slab space monster. What was it's name? Todd Barnett proved his enthusiasm by advancing from 0 to 4 in progressions in a seemingly short span of time. Other outstanding Squires were: Mike Deatly, Eli Eisenberg, Garner Graue, Jeff Jablow, David Kamin, Adam Leonard, Doug Lipsky, Austin Palmer-Smith and Craig Platt. The Archers were an avid group, ever appearing during rest hour to work. Jon Headley was one such camper. Aaron Adler was always trying to win the hearts of the girls with ceramic hearts. Canaan Blum, Matt Cohen, Toure Conley, Todd Friedman, Spencer Kirschner, Josh Lawch, Jon Leebow and Michael Soltoff displayed their prior experience. Lancer Matt Rubino suffered a broken arm that kept him off the courts but was no hindrance to his ceramics capabilities as he advanced from 0 to 3. Every girl in the Shire group participated in ceramics with the greatest success. Ruth King was so creative, along with Sam Gore. Staff Lorri Kern and Jenny Kellman even joined in. Remember Lorri's ashtray? You were all a treat to teach and my thanks to all. You made my summer most enjoyable -- one I will not forget. See ya next year!

# DRAMATICS

## WENDELL HURT

The 1987 summer theater season began with accolades of applause and a standing ovation for Dorothy (Susan McChord), the Lion (Naif Al Mutawa), the Tin Woodsman (David Gershenson) and the Scarecrow (Josh Gottheimer) in our opening production of "The Wizard of Oz". Blake Swerdloff, Linda Rooney, Ruth Nadler, Sari Nadler, Sarah King, Josh Lawch, Todd Friedman, Kellie Tabler, Fahed Al Mutawa, Eric Leebow, Celia Brinn and Stefan Friedman turned in equally admirable performances, with lighting design by Dick Roberts, Howie Perlmutter and Abdul Al Mutawa. Under the musical direction of Susie Susin and Peter Corbin, the Wizard was never in finer form. It proved to be a definite crowd pleaser and an opening night worthy of remembrance.

Our second show, "Old-Time Melodrama - Modern Style", was complete with Villain (Blake Swerdloff), Hero (Naif), and Heroine (McChord). The hero won out in the end, of course. Most notable performances of the evening were given by Linda Rooney and Josh Pimentel. Todd Friedman gave an action-packed performance as the Narrator, complementing the acting styles of Tabler, Josh Lipsky, Gershenson, Lawch and Fahed. With lighting design by Abdul, the dastardly Villain was exorcised amidst raving boos and hisses. It was a fun show.

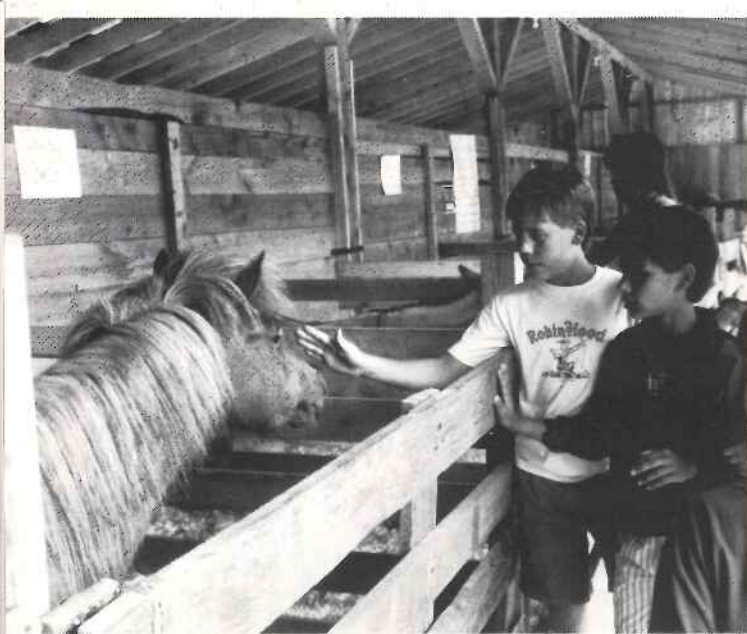

1987 Talent Show Showcase of Stars was our next undertaking, giving all the campers a chance to "do their thing". It was a night filled with music and laughter. Hugo Valerio gave a stand-up routine worthy of any vaudeville stage -- "Could you pick my nose?" One of the campers complied. It was a hoot!

Our last show of the season, "Night of January 16th", gave the actors a chance to show their dramatic ability to its fullest. Suspense and intrigue filled the auditorium as our two lawyers, Naif and John French, questioned each of the witnesses thoroughly and expertly. We didn't find out until the end who had committed this awesome murder. The verdict was handed in by a carefully picked jury from our own audience. Todd Friedman, Tabler, Gershenson, Doug Lipsky, Pimentel, Josephson, Michael Brewer, McChord, Josh Lipsky, Marc Weinberger, Mark Ball, Gottheimer, Fahed, Lawch and Craig Platt gave skilled performances worthy of any Broadway stage. This murder thriller came to chilling life under the lighting design of Abdul.

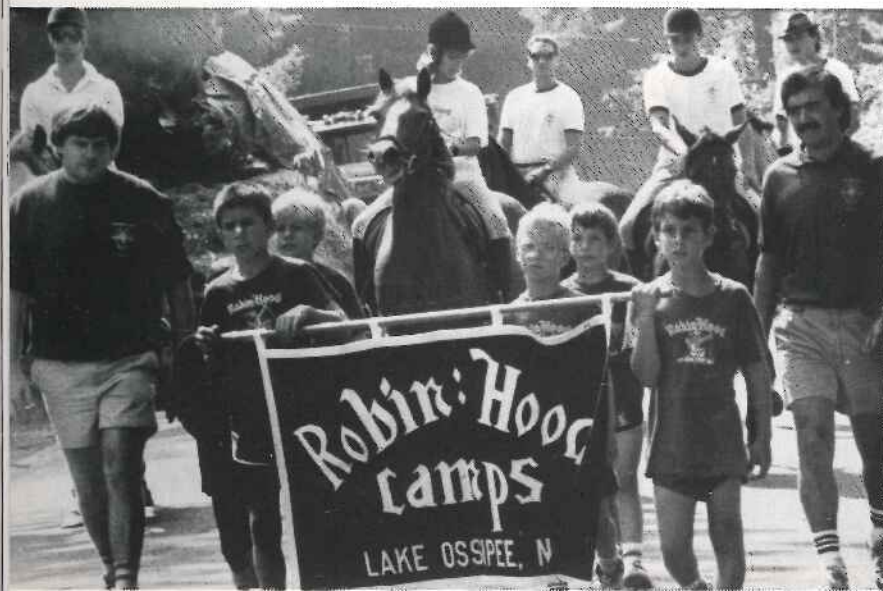

It was a diverse season, and a very successful one: Josh Lipsky was voted Most Improved and Josh Gottheimer was announced Best in Camp, two awards that were well-deserved.

# GREEN & WHITE

DICK ROBERTS

Friday night at the play - that's when it's going to break! Everyone seemed to share the same prediction for this year's break -- they weren't too wrong! When the break finally came it turned out to be somewhat of a mix-up. The idea was good but the execution was spoiled by an innocent boat on the lake displaying green and white lights. Everyone screamed "Green and White!" and ran for the waterfront. For everyone except the PJs, where the break went as planned, here's how it should have happened! During the play the Judges discreetly hid themselves in the trunk racks. At around 10 P.M. reveille was supposed to blow and the Judges on that signal were to reveal themselves amidst Green and White balloons, streamers, etc.

So the stage was set for the 1987 version of the 5-day medley of madness. Captains and Co's were picked and camper teams selected, and the following morning each were ceremoniously divided into Green or White as determined by the jelly beans. And so the camper teams waited expectantly for the announcement of the Counselor Captains and Co-Captains. Andy Solomon and Brad Kern were named as Captains, with Andy Sobel and David Cole as their respective Co-Captains. Sol stepped up and carefully selected a White bean -- Noise! Bedlam! Go Green Go! Fight White Fight! Go Grite Fight! Fight When Go!

When the dust finally settled, the teams moved into the dining hall for the first of 15 silent meals.

## DAY 1 AUGUST 1

After a fairly even morning, White was the first to really show their teeth with a strong afternoon on the athletic field. The evening gave the staff the opportunity to show their determination on the volley ball courts, where each team scored a victory. And so to the spelling bee, where Green emerged on top, 25-20. White showed early strength at the meals with a 35-10 margin to leave the score at the end of Day 1: Green 247 1/2 and White 327 1/2 -- a margin of 70 points White.

## DAY 2 AUGUST 2

A beautiful, crisp, clear morning put us all in the mood for the beach. And so it was that the swim meet was scheduled. As it happened, the Green swimmers showed tremendous determination to produce one of the biggest swim meet margins ever -- 274 to 168, a difference of 106 points. The Green PJs followed suit by taking the vote on the sandcastles with a clever sculpture of the Green Dragon. White retaliated with great spirit in the afternoon to regain the lead, and continued after dinner with the White staff taking a hard-fought soccer game, 5-3. White also won the frisbee throw (44-28) and cracker-eating (45-41) to finish the day ahead by 84 -- Green 738, White 812.

## DAY 3 AUGUST 3

The momentum of both teams was dampened by heavy rain in the morning which somewhat confused the traditional rest day. However, the skies cleared and we ran the track meet in the afternoon, which Green took 261-226. Green dominated the other events of the day with the evening staff events being split: basketball - White, horseshoes - Green. So Green had snatched the lead by 56 points: Green 1124, White 1078.

## DAY 4 AUGUST 4

Green continued where they left off on Day 3 with a good win in the junior regatta (61-37). However, during the rest of the morning White clawed their way back, taking all events except Lancer football. The trend was reversed at rest hour to keep things reasonably close, which brought us to the senior regatta. In a close contest, White edged out in front 71 1/2 - 83 1/2. The flag presentation was put back one day this year to give the teams an extra day to prepare. What a difference the extra day made! The two flags presented were stunning both in appearance and workmanship. This year's drama themes were "Disney" for Junior Camp and "60" for Senior Camp. Both teams staged well-thought-out skits to give the Judges an entertaining evening. So, by the end of Day 4, Green still retained their lead: Green 1386 1/2, White 1338 1/2, a margin of 48 points.

## DAY 5 AUGUST 5

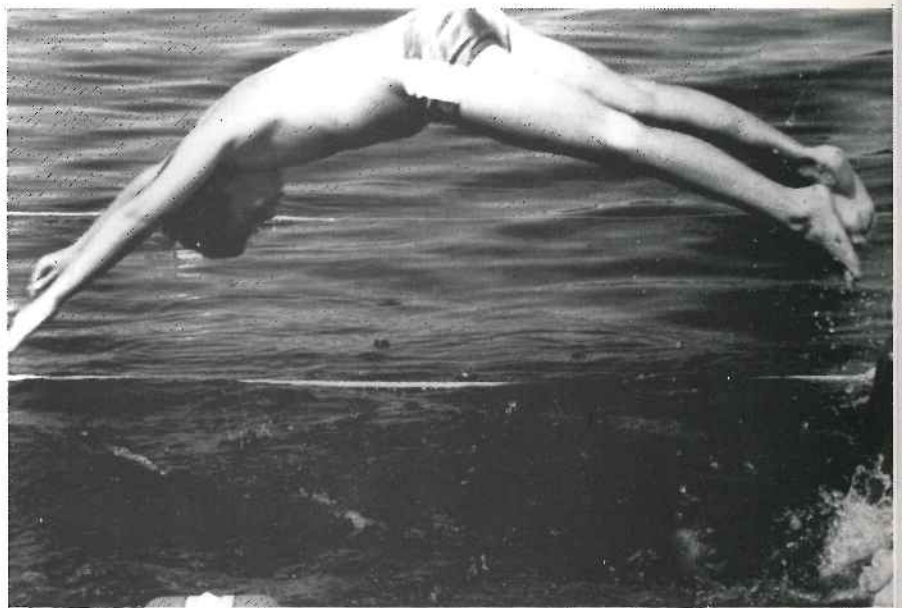

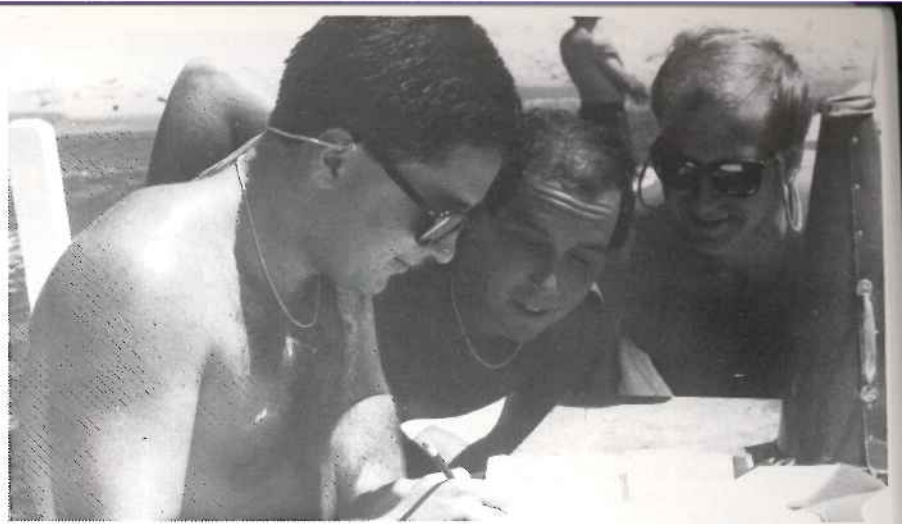

With approximately 1000 points still unaccounted for, both teams were fired up and ready for the last day. With the morning events being very close, things did not really start to heat up until Tug-O-War. It looked like a Green sweep was on the cards with PJs through Lancers all going to Green. White stopped the charge by taking Friars, Fo-Sax and Shires. In an epic 3 pulls, neither staff team could out-pull the other. So Tug-O-War went to Green, 110-70. In the Giant Relay, Green again showed their strength by taking all 50 points. So it was beginning to look as if White would need to claim a large portion of the judged events (arts & crafts, photo, etc.) to snatch victory. As it happened, the Green team was superior in these areas also and they took 70% of these points.

And so to the final event of the contest -- Song Night. Again, the organization and dedication of both teams was very evident, but White came out on top, 87 1/2 to 12 1/2. As John stepped forward, the teams hushed and listened expectantly -- "For the White, 1764; for the Green 19....". As is customary, John's words were lost in the victorious uproar from the Green team.

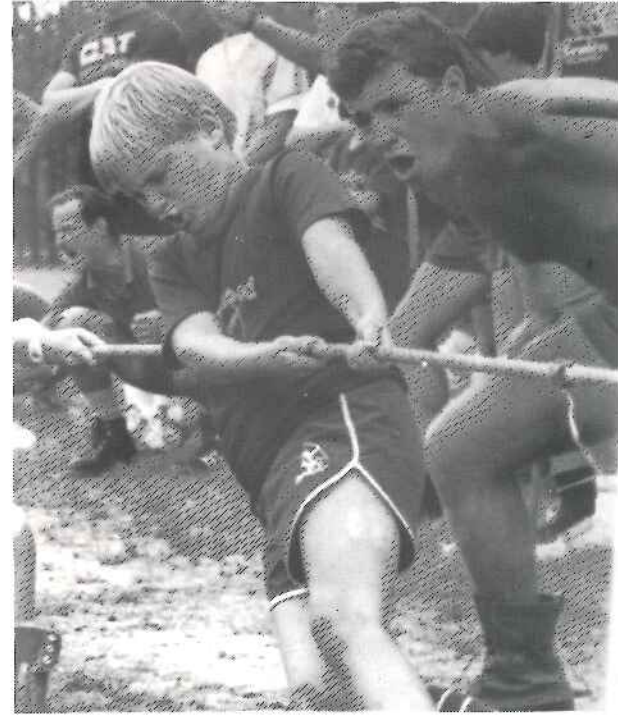

As the bedlam died down, everyone remembered their friends on the opposing team and gradually the camp was restored to the unity that we know so well. My own personal "remember when" was the picture of pure joy on Brian Ratner's face as the final scores were read -- he had finally scored a victory at the sixth attempt! Congratulations should go to both Brad and Andy for an excellent Green and White -- they thoroughly deserve their titles of Most Honorable Judges and I am sure they will look forward to future years. Welcome to the ranks. By the way -- the final score -- Green 1955, White 1764.

## WHITE TEAM SONGS

### (THEME FROM GILLIGAN'S ISLAND)

Just sit right back and you'll hear a tale,

A tale of Green and White,  
It started five long days ago  
When Green was in the fight.

The Green tried hard but was no match,  
The awesome White won all,  
And when the final vote comes in  
We'll be standing tall.

The White dug in and proved we're tough,  
On and off the field,  
Because of the courage of the mighty  
White,

The victory's been sealed,  
The victory's been sealed.

From all the boys to all the girls,  
Intensity was high,  
The Green couldn't catch the mighty  
White,  
That truth they can't deny,  
That truth they can't deny.

And now you've heard our gallant tale,  
A tale of the great White team,  
With Solomon and Sobel too,  
A loyal staff as their crew,  
The Junior Camp and Seniors  
Pulled us through.

We're the mighty White team!

### (DON'T STOP)

White team is here and we're going  
strong,

By tonight Green will be gone,  
Open your eyes and gaze at the light,  
The White team has proven its might.

### CHORUS:

Don't stop thinking about the White team  
Don't stop, victory's near,  
It'll be here, better than before,  
Green team beware, White team has more.

When you look back at what we've done,  
There's no doubt that White has won,  
Sol and Sobes as leaders are strong,  
Proving White could do no wrong.

### CHORUS

Together White has taken it's stand,  
Winning on water and on the land,  
We're near the end, but never forget  
We've worked hard and our goals have  
been met.

### CHORUS

Ooooooh, White will shine on (repeat 3)

### (CROCODILE ROCK)

We've been waiting for Green and White,  
For our chance to stand and fight,  
We've joined hands and held on tight,  
So beware, Green team, we're out of  
sight.

With Sol and Sobes we'll reach the top,  
By doing this thing called the White  
Team Rock,  
Our strength will put the Green team in  
shock,  
We are hopping and bopping to the White  
Team Rock.

### CHORUS:

Yeah - White's rocking, we're on a roll,  
And now our feet just can't keep still,  
We've never seen a better team,  
And we're sure we never will,  
Ah, White's here, it's very clear,  
That mean Green team is nowhere near,  
We've got the team that can't be beat  
anytime.

Well, the days went by and we've won  
with grace,  
White dominates, putting Green in it  
place,  
Working all together was a definit  
must,  
That is the reason we left Green in th  
dust.

### CHORUS

### (DAY BY DAY)

Day by day, day by day,  
Robin Hood, these things we say.

Your sun shining brightly,  
Your breezes blowing lightly,  
Your stars glowing nightly bring bac  
memories.

Memories, memories,  
Oh, dear John, those memories.

Each year returning,  
We're always learning,  
Our hearts still yearning for Robi  
Hood.

(Faster) Robin Hood, Robin Hood,  
Andy's dreams through John have stood.

You've given us these sixty years,  
Our summers end with joyful tears,  
Traditions that we hold so dear at Robi  
Hood.

Robin Hood, Robin Hood,  
Andy's dreams through John have stood.

## GREEN TEAM SONGS

### (LEAN ON ME)

Green  
Such a strong team  
Ready and poised  
Seventy girls and boys  
who have shown  
Their heart and soul  
It's taken its toll  
But now we'll have victory

### CHORUS:

Lean on Green  
When you're not strong  
We'll pick you up  
We'll help you sing our song  
Lean on Green  
Learn how to give  
Your helping hand  
A shoulder to lean on

Five  
Green and White days  
We've shown our might  
On the courts and the fields  
Soon  
It will be clear  
Green team's on top  
The White team just had to yield

CHORUS (2 TIMES)

### (BACK IN THE HIGH LIFE)

Five long days ago  
We started color war  
And we've worked as hard as we can  
Yet we keep on giving more  
We've had ourselves a time  
Running hard and swimming fast  
We're striving toward a vict'ry  
And we won't stop till it's past

### CHORUS:

We're the Green team and we can't be  
beat  
Doesn't matter what White tries; they  
can't escape defeat  
We're the Green team and we can't be  
beat  
It's getting near the end so we're  
turning up the heat  
And we'll ride on straight to victory  
Being all that we can be  
Oh, we are such a sight to see  
We're the Green, we can't be beat.

Now our leaders Brad and Dave  
Have led us straight and true  
And we'd like to thank the judges  
For everything they do.  
They've kept things in control  
And always done their best  
They let our talent shine through  
And we've just done the rest.

### CHORUS

### (THAT'S WHAT FRIENDS ARE FOR)

Now once  
Andy stood upon the shore  
As he gazed his eyes grew wide  
He saw a world all filled with love  
And he dreamed about a haven  
Where boys  
Could grow up and learn to play  
They would live together and would learn  
of Andy's special way  
And so Robin Hood was founded.

### CHORUS I:

We're smiling, we're shining  
Knowing we can always count on camp  
for sure

Each year we love it more  
In good times and bad times  
Camp is by our side forevermore  
That's what camp is for

John picked up and carried on  
He gave us love in times of pain  
And the strength just to continue  
And we  
Love him more than words can say  
Though they're never said enough, these  
words are coming from our hearts  
John, we're saying that we love you

### CHORUS II:

We're smiling, we're shining  
Knowing we can always count on John  
for sure,

That's what he's here for  
In good times and bad times  
John is on our side forevermore  
Each day we love him more

# GYMNASTICS

MICHELE GEORGE

KIM NESNADNY

1987 marks the first year for gymnastics at the Realm. Much to our delight, the program took off with a flying start, as "teach me a back flip" soon became our most familiar phrase.

Although not many back flips were performed, everyone who participated left with a little more gymnastics skill than that with which they had entered. The first several weeks were spent becoming familiar with the basics, but soon after every day became a personal battle to see how many squares one could fill in on the progression charts.

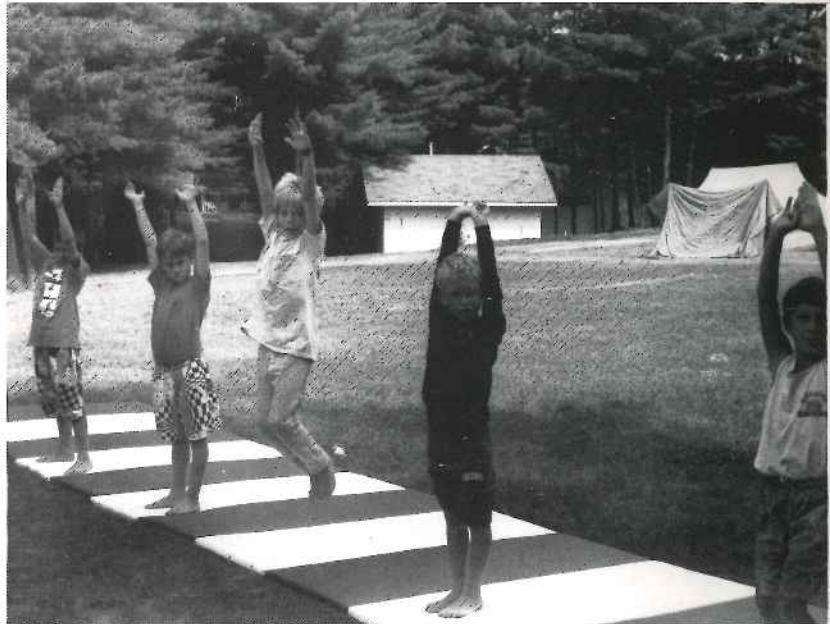

Many campers were taken by surprise upon discovering their hidden gymnastic talent on the floor exercise and balance beam. Determination was the key to Eric Leebow's Honorable Mention for Most Improved. This strong determination as well as a constant participation in classes earned Todd Friedman the Most Improved award. And Tanisha Jorsling captured the Best in Camp award by combining great effort with form and skill.

Other gymnastic highlights occurred within our regular day-to-day routine. The Yeomen will forever remember their gymnastics orientation where they played their infamous game of "Brad and Alpo went to the grocery store!". Ruth Nadler once performed a stunning no-handed handstand on the balance beam! Pierre Boatner's hidden gymnastic talents were uncovered in front of a large Fo-Sax audience when he completed three quarters of the progression chart in one afternoon! Spencer Kirschner, Todd Dery, Andy Isaacson and Jon Leebow had quite an accomplishment one day as the first group of boys to perform back handsprings! Fahed Al Mutawa loved gymnastics so much he'll be doing cartwheels all the way back to Kuwait! "Munchkinastics" was a big hit on Saturday mornings in front of Pee Wee! And Doug Lipsky, Matt Baumel, Eric Levy, Jeremy Smerd, Pierre Boatner, Jackie, Leslie and Erik Pelton used Hans and Woody one afternoon as jungle gyms for their sky-high pyramids!

Other staff members also managed to brush up on some of their gymnastics skills, such as Lorri Kern's breathtaking floor and beam routines, Kieron's handstands, and Jenny's cartwheels. Even Patty Hooley was spotted out of her office one sunny afternoon polishing up on her cartwheels.

All in all, the gymnastics program was a great success, thanks to the participation and dedication of the campers. From the PJs on up many campers were able to complete long rows of squares on the progression chart. With the addition of new equipment in the future there will be even more variety in the program and campers will be able to progress even further in their skills.

We thank you all for making our first year in the Realm a successful one. May the tradition live on....

## BASKETBALL 10 & UNDER

The 10 & under team split two "playday" basketball games, winning impressively at Birchmont 20-4 and losing at Winaukee. Starters for the team were David Kamin, Andy Isaacson, Michael Brewer (all of whom topped the scorers with 6 points), Juan Casillas and Mike Deatly. Coming off the bench for this strong contingent were Aaron Adler, Canaan Blum, Larry Gutman, Eric Leebow, Jeff Jablow and Doug Lipsky. The team played well and should supply a lot of talent to senior camp teams in years to come.

## 11 & UNDER

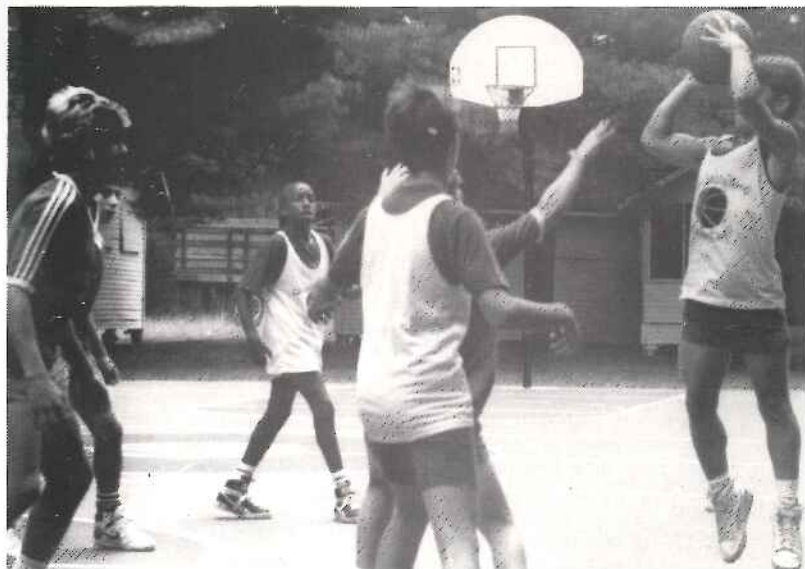

The 11 & under team scored a strong victory at its Winaukee "playday". With Jimmy Castle at center and Ken LaFreniere and David Perlmutter at the forward spots, Winaukee never stood a chance. Jon Leebow controlled the tempo at point guard and RH won the game 26-17. Other strong players on this fine team were Marc Oliver, Josh Guttman, Blake Swerdloff, Michael Soltoff, Toure Conley.

## 12 & UNDER

Under a new coach, the Robin Hood 12 & under basketball team travelled to Alton to take on a tough ball club. The Hoods who had suffered a devastating defeat just two days before were looking for sweet revenge. Robin Hood came out strong behind the scoring of Justin Weiss (16 points) and Josh Pimentel (9 points), but Alton pulled ahead by 20 points in the third quarter. Robin Hood came back in the fourth and cut the lead to 8 behind strong play by Stefan Friedman, Josh Lipsky, Ken LaFreniere, Danny Kay and Joey Fishman. RH lost the game by 10, but they let Alton know that they are a team to be contended with. Other key players were Josh Gottheimer, Corky Stern and Greg Guttman. Next up for the team was the big Tri-State Tournament. In the first two rounds, RH lost to Samoset and Winaukee (island) by the identical scores of 20-6. But RH went on to defeat Pemigewasset 24-4 and Winaukee (mainland) 19-9. Top scorers of the day were Kenny LaFreniere, Justin Weiss, Stefan Friedman, Josh Pimentel and Josh Guttman. Other net players were Josh Lipsky, Danny Kay and Corky Stern.

## 13 & UNDER

The 13 & under team was a good one and has a couple of players who should go on to be outstanding. We played very well in two games and not so well in two others. But as with our other teams, we always gave it our best. We played Winaukee twice, once there and once in our tournament. For some reason, we just never got started, losing both games and not shooting well in either. We also played West End twice and enjoyed considerably more success. In the first game here, we fought back from a deficit of 11 at the half to win 54-51. Our press was awesome and the team really pulled together. Doug Spear had 26 points and Greg Cormier, in addition to playing an outstanding floor game, chipped in with 13 points. In the game at West End, we experienced every emotion a team can in a game. We controlled the game in the first half and opened up a five point lead. The third quarter, the fans became a factor and we lost control of the game. In the fourth, we played gamely but an injury to Cormier hurt us badly and we ended up losing 66-62. Doug Spear had the game of his life with 31 points and 20 rebounds. Greg Cormier again played his usual fine game and scored 12 points. The second half of the season was a highly successful and exciting one. The turning point was probably Parents' Weekend when the team gutted out a heart-stopping 39-36 victory over West End Camp. Danny "Ice" Isaacson sank a pressure free throw with forty seconds remaining to give RH its first lead since early in the game. Greg Cormier iced the game with a lay-up in the closing seconds. Doug Spear scored a team high 27 points and Brett Weinberg and Ryan Hipscher were terrors on the boards. In the Tri-State tournament the team had a terrific day finishing third in a field of eight very fine basketball teams. In the morning round robin, the Realm took two out of three to advance to the afternoon semis. The first game was a thriller with RH staving off a furious Cobbosee rally to win 14-12. Greg Cormier popped in 10 points. After losing the second game in the afternoon, RH advanced to the semi finals with a 26-14 victory over a gigantic Kenwood team. Doug Spear led the way with 20 markers. RH played their hearts out before succumbing in the last two minutes to Camp Moosilauke 51-38. It was a pressure packed game and the play was excellent. Cormier led the way with 18 points. In the consolation game, the intensity was that of a championship game. A big second half charge by RH produced a 44-38 win and a third place tournament finish. Spear scored 26 points to finish a great day of basketball for everyone. The coaching staff would like to thank everyone who played on the squad for their hustle and effort.

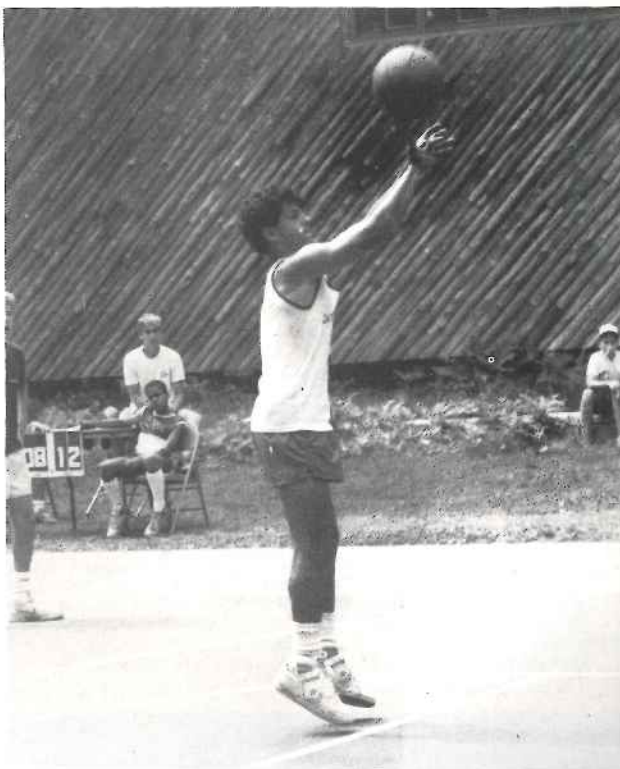

#### 14 & UNDER

The 14 & under only played one game the first half of the season but it proved to be a good one. We defeated Winaukee 46-27. Every team member played almost half the game and all contributed. I was very pleased with the game. Eric Levy scored 19 points in only 16 minutes of playing time. This team has great potential and should be outstanding in another season.

#### 15 & UNDER

Although the 15 & under team didn't have a great first half of the season in terms of wins and losses, I think we did accomplish a lot. Playing with a team that was short on height but big on heart, we managed to do battle and fight in every game we played. In our opening game at a crazy West End House, we started slowly, but played hard to the final gun. We actually only trailed by 6 points entering the final quarter. With a little lady luck on our side we may have won and only lost 47-36. Richie Birns and Marlon Toon were our leading scorers with 13 points each. Our next game at Winaukee typified our entire first half of the season. We played with great emotion and desire; it probably was our most intense game. We out-scored Winaukee from the field 28-22 but poor free throw shooting cost us the game. We hit only 3 of 17 from the line and lost the game only 38-31. It was a hotly contested game and I was very pleased with our effort. Richie Birns played an outstanding game, pumping in 19 points. In our next game at the West End Tournament, we played our best game. In taking on an imposing Oatka team, we battled, scratched and pressed our way to control of the game. We had a five-point lead entering the final quarter but couldn't hold on to it. Their press really hurt us and our shooting went ice-cold. Despite all of our problems in the final quarter, Richie Birns buried two free throws with three seconds to go to send the game into overtime. In overtime, we just didn't get the job done and lost the game. In the game, we had our most balanced scoring attack as Justin Swartz broke out of a scoring slump to lead the way with 15 points, and Marlon Toon and Richie Birns chipped in with 12 and 11. The Robin Hood Tournament, although very well-organized and well-run, was forgettable as far as our team performance went. We played Alton, a more talented team, but one we should have given a better game. Because of circumstances beyond team control, we didn't come out with our usual intensity and hustle which was so necessary for us to be competitive with Alton. We did play harder in the second half but still lost badly. It was a regrettable way to finish but aside from this game, I can recount the many positive things we did achieve. During Parents' Weekend, the team scored an impressive victory over West End Camp, 39-34. With an 8-1 scoring run in the third quarter, RH broke open a close game. Justin Swartz led the team with 10 points, Craig Shensa added 7, and Jason Adler and Richie Birns chipped in 6 apiece. At the Tri-State tournament at Winaukee, nine teams started the day with two remaining for the finals -- Camp Robin Hood and Camp Winaukee! Throughout the day RH had beaten Kenwood 23-8, Merrimac 25-12 and Cobbossee 39-28. In the finals, Winaukee led 8-7 at the quarter and 18-13 at the half, but after three quarters RH had cut the deficit to 3 points, 29-26. In the 4th, RH missed some clutch foul shots as Winaukee pulled away for a 47-36 victory. Tournament high scorers were Swartz 47 points, Marlon Toon 34 points, Shensa 26 points, Adler 19 points and Doug Spear with 14 points. What a great day of basketball! Although all the players were not mentioned, we, the coaching staff, thank everyone who participated on this fine team. The successes we did experience were due to a total team attitude and concept. Our teams did not always equal the opponent in size or speed, but that old Robin Hood heart won out virtually every time. A noticeable improvement was surfacing, namely, inspired defense! The teams also learned the value of teamwork, especially during Green and White competition. In fact, virtually every age group in camp displayed good skills and teamwork during G&W. Sari Nadler made camp history, scoring the first basketball points by a female! Other stars of G&W included 10 year-old Mike Brewer, Monique Conley, Doug Spear, Eric Levy and Jason Adler. And special mention goes to Marlon Toon, who sank a 60 foot prayer at the buzzer to beat Maine Teen Camp in the season finale. A fitting end to a great season.

Remember when ... Jason Adler got all body ... Marlon's Hail Mary ... Doug Spear's jumper in a G&W Alcoa-can't wait finish ... Richie Birns's water bucket ... Jabs helping out Camp Skylemar with the score ("That young Man!") ... Jim Sleeper, pre-NBA ... Troy and Mike, future NBA 1st round draft picks ... ET slamming the 10 foot basket ... Justin's four fouls in RH Tourney in 1st quarter ... Doug Spear's four fouls in every game (mostly reaching) ... Nick Coslov's shot actually hit the rim ... Justin didn't argue with the refs -- we don't!! ...

**SOFTBALL**  
**10 AND UNDER**

After an opening 13-10 loss at the hands of West End, the 10 & under softball team went on to win its next three games. In that opening game, Juan Casillas hit a triple with the bases loaded, Andy Isaacson pitched and had two big hits, David Kamin had an outstanding game at shortstop and had several RBIs, and Doug Lipsky caught the entire game. Three days later, the loss had been avenged, however, as RH scored an impressive 7-1 victory over the same West End. Jason Tuchman pitched the entire game, giving up the lone run in the 7th; Casillas had 4 RBIs and scored twice; catcher Lipsky had a 2-run double in the first inning. The next game, which was against Camp Winaukee at Robin Hood, resulted in an identical 7-1 victory for the Hoods. Continuing on their winning ways against Camp Birchmont, RH got solid pitching from Tuchman and Austin Palmer-Smith and strong hitting from Kamin (2 runs and 2 RBIs), Isaacson (a 2 RBI double), and Casillas (1 RBI and 2 runs). The winning line-up was: Lipskey (c), Aaron Adler (2b), Isaacson (1b), Michael Brewer (cf), Casillas (rf), Mike Deatly (3b), Kamin (ss), Palmer-Smith (1f) and Tuchman (p).

**BASEBALL**  
**11 AND UNDER**

The 11 & under baseball team was a strong team, but met up with a West End team that proved too tough. A strong effort was put in by David Perlmutter who pitched 3 good innings. Todd Dery also had a good game, pitching the last three innings and going 3 for 3 at the plate. Other strong performances were displayed by Xander Charity, Michael Soltoff, Toure Conley, Jack Weiner, Aaron Adler, Lou Changchien, Marc Oliver, Josh Guttman, Spencer Kirschner and Matt Cohen. On July 10th, the softball team met Camp Winaukee in what proved to be a close, exciting game. Robin Hood jumped to a 5-1 lead after three innings with key hits from Dery, Perlmutter and Ken LaFreniere. However, going into the last inning Winaukee had tied the score only to have Jon Leebow knock in the go-ahead run with a double. Lou Changchien also hit a double, driving in two more runs, giving RH a 9-6 victory. Changchien went the distance on the mound, striking out three.

**12 AND UNDER**

The 12 and under baseball team had a very busy schedule travelling all over New Hampshire and close to Vermont. They faced such challenges from a regular season game to the Tri-State Finals. At the beginning of the season, during a practice, coaches Brad Kern, Hans Jackson and Mike Alpert told the players that they had the potential to be the best 12 and under team Robin Hood has ever had. They followed up on this by practicing hard and finishing up with a winning season as well as being Tri-State runners-up. Avenging an earlier 12-11 loss, RH played an outstanding game in the first round of the tournament, defeating Winaukee 3-1. Michael Feiner struck out eleven batters and got strong offensive support from Danny Kay, Stefan Friedman and Justin Weiss. In the semi-final round, RH met Winaukee's other tournament entry, and the team was really excited. With Feiner on the mound once again, striking out eight batters and walking only two, and key hits being supplied by Kay, Todd Dery, Feiner himself and Stefan Friedman (although everyone hit well) Robin Hood triumphed 18-10 and moved on to the finals. In spite of an exhausting trip, a tremendous effort was put forth by the entire team. Highlights of the game were back-to-back home runs over the fence by Feiner and Friedman, but RH fell short by one run, losing 7-6, a strong second place finish! The 12 and under team showed a lot of potential for a great 15 and under team. So, guys, keep practicing and strengthen up your arms over the winter to get ready for another great summer of baseball. Great season, guys! Your Coaches.

**14 AND UNDER**

The 14 and under baseball team began their season with a road trip to Camp Samoset to compete in the Samoset tournament. The Hoods were squared off against Camp Manitou in the first round of the tourney. Manitou took the field first for what would prove to be an exciting, seesawing battle of offense. The first inning proved to be somewhat detrimental to RH, with Manitou scoring 3 runs and Hoods scoring nil. The next inning proved to be just as exciting. Adam Feiner pitched out of bases loaded with one out, by striking out a batter for the second out and forcing a batter to ground out to first base. Doug Spear threw man out at the plate trying to score from 2nd base for the last out of the 3rd inning. In the 5th inning, Mike Feiner, with bases loaded and 1 out, hit a triple. In the 7th inning, with bases loaded and 1 out, Gary Greaves hit a triple, then scored on a sacrifice fly. It was a very tight game, resulting in an 8-7 loss for RH. Starting pitcher Adam Feiner pitched 3 complete innings; losing pitcher Gary Greaves pitched 4 innings and had 7 strikeouts; Levy went 1 for 2; Spear had 2 RBIs; Greaves went 1 for 2, had 2 RBIs; M. Feiner went 3 for 4 with 3 RBIs, a great performance for an 11 year-old. At a subsequent playday with Camp Winaukee, which resulted in a RH victory, Levy went 1 for 3; Goodfriend 1 for 2, 1 RBI; Spear 1 for 2 with 2 RBIs.

**15 AND UNDER**

John Klein threw out the first pitch to open the season on July 1st against traditional rival Winaukee. It was a fine beginning as Robin Hood was victorious 7-2 with Craig Shensa and Scott Elisofon going 1 for 3, Jon Dolin 2 for 2, and Doug Spear lining a double down the third base line with bases loaded to put RH ahead to stay. Justin Swartz had 2 2/3 innings of fine relief pitching, giving up no hits, and Shensa threw out 3 runners attempting to steal. On July 30th, the team travelled to Camp Alton for what proved to be an exciting, well-played game in which Shensa pitched a 10-strikeout complete contest resulting in a 3-2 RH victory. Swartz was outstanding defensively at shortstop, with the offense coming from Eric Levy (3 for 4), Dolin (2 for 3), Gary Greaves (1 for 3), Shensa (3 for 3) and Swartz (1 for 3). At the Robin Hood Baseball Tournament, the 15 & under baseball team prevailed over Camp Pemigewasset, 12-10. 6 out of 9 players got at least one hit; everyone reached base 2 times. Spear was 4 for 5 with 3 singles, 1 double and 4 RBIs. ET went 1 for 3 with 3 RBIs. Swartz was 2 for 4 with 2 RBIs. In the second-round against Cedar Dolin went 1 for 3 with 3 RBIs; Shensa was 2 for 4 with 2 RBIs; Spear was 1 for 3; Levy had 2 walks and 2 SBs; Jimmy Helf was 1 for 2 with a great catch to get us out of the 5th inning with men on 2nd and 3rd. Unfortunately, however, Cedar prevailed, avenging a 1986 loss in the same tournament against Robin Hood.

## SOCCKER

### 10 & UNDER

The 10 & under soccer team showed some excellent ability and effort in splitting a pair of games with Birchmont and West End. In the Birchmont game, Eli Eisenberg scored the lone goal which stood up for a 1-0 Robin Hood victory as David Kamin was outstanding in goal, getting the shut-out. The entire team played well with excellent efforts from Mike Deatly, Michael Brewer, Todd Barnett and Canaan Blum. In the West End game, Robin Hood was down 2-0 at the half after some apathetic play. Coming out in the second half "on fire", however, Mike Deatly scored on a penalty kick after a hand ball. Mike Brewer then tied the score on a beautiful shot from long range. Deatly scored again on another penalty kick, but the game went into overtime tied 3-3. Unfortunately, RH lost a heartbreaker 4-3, but were proud of a great effort.

### 11 & UNDER

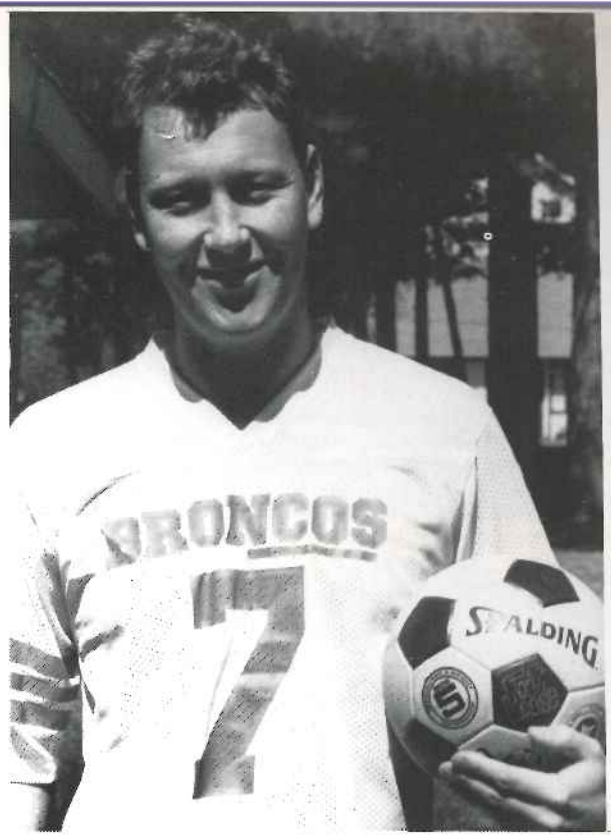

Many of the 11 & under soccer team members played on the 10 and 12 teams as well, and as such had their fair share of games. The 11 team had great success, winning their first game against West End 3-0. The Hoods played very well for such a young side with mentions for Todd Dery, scoring 2 goals, and Todd Barnett, Mike Deatly and Mike Brewer for defense, and Jon Leebow who was brilliant at center half. In the team's second game as part of a play-day at Camp Winaukee, Dery scored the first goal on a perfect pass from Ken LaFreniere. Later in the game, Dery returned the favor by passing to Kenny on two corner kicks, resulting in 2 more goals. RH went on to win 3-2. Michael Soltoff was MVP on defense, while David Perlmutter was outstanding in goal. Others contributing heavily to the victory were Marc Oliver, Jon Leebow, Josh Lawch, Blake Swerdloff, Jon Headley and Toure Conley.

### 12 & UNDER

The 12 and under team started their summer with a great result at home against a very strong Camp Alton side. The Hoods won their first game in great style by 3-0, with goals coming from Todd Dery, Noah Zamansky and Josh Lipsky. Towards the end of the summer at a tournament at Winaukee, Robin Hood did not fare well in the first game, losing 2-0 to Winaukee's first team. However, the Hoods soon bounced back in the next game, beating Wigwam 3-0 with 2 goals from Todd Dery. Robin Hood then unfortunately had a lapse of concentration and was beaten by a team we had defeated early in the season.

### 13 & UNDER

The 13 and under soccer team kicked off the season with a game here at the Realm against West End. The result was a good one, not only because of the scoreline but because of the manner in which they did it. We had some excellent defensive work by Josh Ralby, two assists by Noah Zamansky, but the man of the match was 2-goal hero Josh Pimentel, who managed to pull us through a hard game. It was a busy season for 13 and under soccer, as a tournament held by Robin Hood quickly followed. Robin Hood started out by losing the first game by 2-0 to Camp Alton. But all was not lost with three games to go. Our next game was against West End, a team we had already beaten. Robin Hood came out full of confidence, which was upheld when we came out on top by 4-0, once again with another 2-goal hero, but somebody different this time. It was little center forward Todd Dery with that dynamic right foot free kick from outside the box into the top corner. Other goals included one from Noah Zamansky and one from Josh Ralby. The next game was probably the most important against Wigwam. We had to win it because they had a 100% record and if we won we would certainly go through to the last four. We started well with a lot of hustling going on, but we soon found ourselves 2-0 down by the stronger Wigwam. The final result was not a true reflection of Robin Hood's effort, but we left the competition as the only team to score past Wigwam.

**SWIMMING**

Camp Robin Hood sent its 10 and under swim team to the Mt. Washington Valley Swimming Championships at Camp Pemigewasset. We went to the meet with what we felt was a good team consisting of PJ Jon Kauffman swimming breast and freestyle; Squires Mike Deatly, Michael Brewer and Todd Barnett, who did backstroke and freestyle; also, Archers Canaan Blum, who did fly and free, and Aaron Adler, who did free and breast. Overall, the team took 2nd place out of 4 teams. Barnett won 2nd place in the backstroke, Blum won 3rd place in the butterfly. The freestyle relay team consisting of Deatly, Brewer, Adler and Kauffman won 2nd place. The whole team did very well and showed potential and poise in the water. In the future they will be a strong Robin Hood swim team.

On July 17, the Robin Hood swim teams travelled to Camp Winaukee for the Tri-State Swim Championships. There were many questions to be answered upon arrival at the meet. How would the loss of some good swimmers affect the team? Would the new additions and the younger swimmers be able to pick up the slack? These questions were soon to be answered. Led by the experienced leadership of Jason Adler, the teams swam well and reached the finals in several events. Jason dominated the 50 yard freestyle and the butterfly. Several swimmers showed great potential for the future meets. With limited experience and short notice, Corky Stern and David Perlmutter swam well in the freestyle and the breaststroke respectively. Joey Fishman proved that he has the potential to be a great butterflyer. Josh Moskowitz, Jose Garcia, Jim Castle, Todd Friedman and Kenny LaFreniere had to swim against older competition. They held their own and served notice that they will be strong competitors when swimming in their own age groups. Ale Schlagel, a new addition to the team, proved to be a strong and versatile swimmer while competing in the individual medley and the backstroke. Matt Baumuel and Jon Dolin proved their worth to the senior team by swimming well in the breaststroke and the backstroke respectively. Jeremy Smerd proved again that he is an outstanding backstroker and freestyler. The swim teams exhibited growth and potential and looked forward to participating in the Samoset Invitational.

On July 31st, the Robin Hood swim teams travelled once again, this time to Samoset for the Invitational Swim Meet. Not only did our swimmers have to fight the competition of other camps, but they also had to fight something they didn't bargain for -- the windy and choppy weather of the day. Due to the weather, it was decided that there would only be preliminaries swum. Our 11 and under team consisted of Michael Deatly, Todd Friedman, Marc Oliver, David Perlmutter, Jim Castle, and the newest addition, Chris Lee. Both Castle and Oliver competed strongly in the freestyle and backstroke events. Deatly and Perlmutter swam butterfly and Friedman and Lee swam breaststroke. Our 13 and under team was one of the best put together. Pierre Boatner, not a previous member, along with Andy Isaacson was strong in the breaststroke event. Jose Garcia proved what he could do in both freestyle and butterfly. Josh Moskowitz was strong in both the freestyle and backstroke events. Jeremy Smerd competed well in backstroke and Joey Fishman swam very well in butterfly. The 15 and under team was outstanding. The senior team swimming in the 15 and under competition was one to be noticed. Matt Baumuel, Jon Dolin and Eric Doppelt swam very well in their respective events. Nick Fishman, a newcomer, also swam well. Ale Schlagel, the most recent addition, only proved to be an asset. Jason Adler won both the butterfly and the freestyle. In addition, Adler won the Outstanding Swimmer award which was well deserved. Overall, the Robin Hood swim team finished 3rd out of 10 teams. On that promising note, we are looking forward to next summer.

# LACROSSE

STEVE HINCHLIFFE

The lacrosse program began 1987 with one goal in mind -- to get as many players as possible playing a competitive game. The summer started slowly as the faithful came out day after day learning the essential skills -- thanks for your patience. Such drills as shoot-outs helped tap all that Robin Hood competitive spirit and soon games started to take shape and actually be recognised as lacrosse. After a few weeks of ultimate lacrosse, possession games and attack-on-defense drills, we moved on to regulation games and players started to learn the complexities of the rules and the fundamentals of positional play.

In Junior Camp, we had a keen and able group of Squires who started the summer with only a rough idea of what lacrosse was. By late August, many players had developed into able players, mastering the basics of catching and throwing, picking up and even some cradling -- keep going, fellas! Special mention must go to Michael Brewer, Todd Barnett and Craig Platt, who all built on their previous knowledge and are developing into good, all-around players.

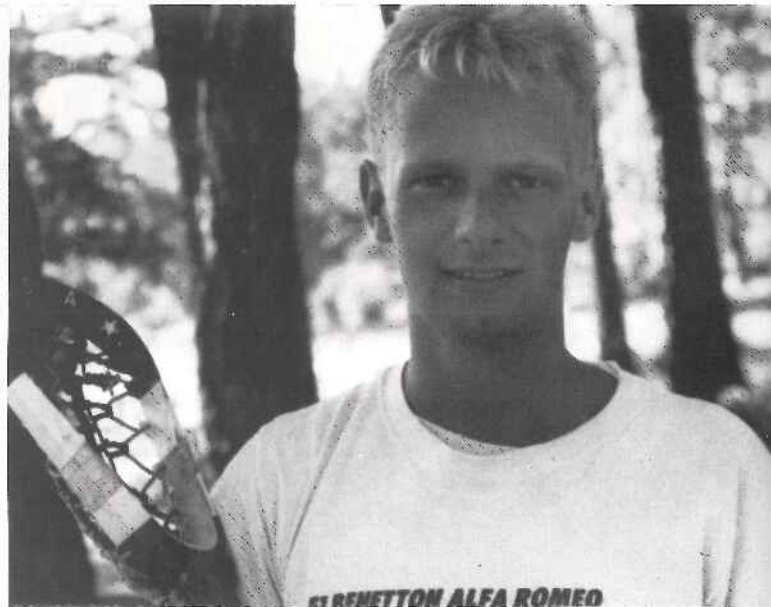

A smaller group of Archers participated this year and all became proficient in the basic skills and learned the fundamentals of the game. Special mention to Canaan Blum, Lou Changchien, Marc Weinberger, Spencer Kirschner and Chris Lee who all worked hard and achieved good results.

In Senior Camp, progression was sufficient to allow a mini-tournament to take place within camp. A league of four teams of Lancers and Friars competed fiercely in what became very fluent and entertaining lacrosse games. Thirty campers took part in all and got a taste of competitive lacrosse, even if only on a 6-a-side level. My thanks must go to all participants too numerous to mention, as everyone gave their all and even those that lost can pride themselves on playing some very good lacrosse. The league was always a close contest, the victorious team winning only by a goal difference margin of one. Outstanding players were Greg Cormier (11 goals in 3 games), Eric Nadler (powerful midfield play), Josh Rabby (endless hustle), Nick 'silky skills' Coslov, Howie 'leftie wonder' Lesnik and Brian 'cradler' Ratner, who all helped give the games more form and direction. Unfortunately, the Foresters did not schedule much lacrosse this year, but the games played were very promising. My special thanks to Todd Cesca and Steve Goulder who are both very talented players and should continue to improve and become fine competitors in the sport. Thanks also to the Foresters who helped me with the younger groups and acted as coaches in the mini-league.

To the Shires I must apologize for really not getting beyond the drills; I hope next year they will have the opportunity to play more lacrosse. Great progress has been made, however, and with practice, the girls should build on their natural ability and become accomplished players.

Finally, thanks to Jason Scholder who helped me run the programme throughout the summer.

Remember ... when Greg Cormier passed the ball -- I don't ... Louis Changchien used a controlled check ... Danny Berger created a mini-valley in the goal area with his knee ... Scholder didn't flatten a camper ... Todd Cesca and his wavy field lines ... Mr. Lipsky's lightning skills ... when Justin Weiss played cleanly -- I don't ... to bring your sticks next summer.

# PHOTOGRAPHY

JAMIE DOLIN

The darkroom was a busy place again this year. All of the PJs came at one time or another to improve their camera-handling and picture-taking. Albert Cohen improved greatly, as did Eric Jelin and Evan Spielman. Adam Leonard, Doug Lipsky, Eric Leebow and Jason Tuchman were just some of the Squires who came to the darkroom. Craig Platt continued to amaze all of us with his photographic know-how. Craig, with more time in the darkroom, you'll be sure to win Best in Camp soon.

When the Archers weren't complaining about how they were never scheduled for photo, Todd Dery, Michael Soltoff, Blake Swerdloff, Aaron Adler and Josh Lawch were learning and refining printing and developing skills. Aaron, TD and Andy Isaacson found special pleasure in photographing the girls. Todd Friedman and Jon Leebow continued to improve their skills. Yeoman Jack Weiner didn't get to photo as often this summer, especially after losing his camera, although he did print and develop during Green and White. Josh Gottheimer showed tremendous interest in photo although at times he had difficulty scheduling.

Lancers Dan Mezzalingua, Matt Rubino, Craig Swerdloff and Josh Ralby all came down to photo, while other (unnamed) Lancers came down to hide (?) and hang out. Justin Weiss spent a lot of time and effort improving his skills and rising from an "0" to a "5" in progressions. The Shires were another active group. Liz Marshall, Sam Gore, Monique Conley and Tanisha Jorsling all learned how to develop and print. Sari and Ruth Nadler and Sara King all exhibited good ability.

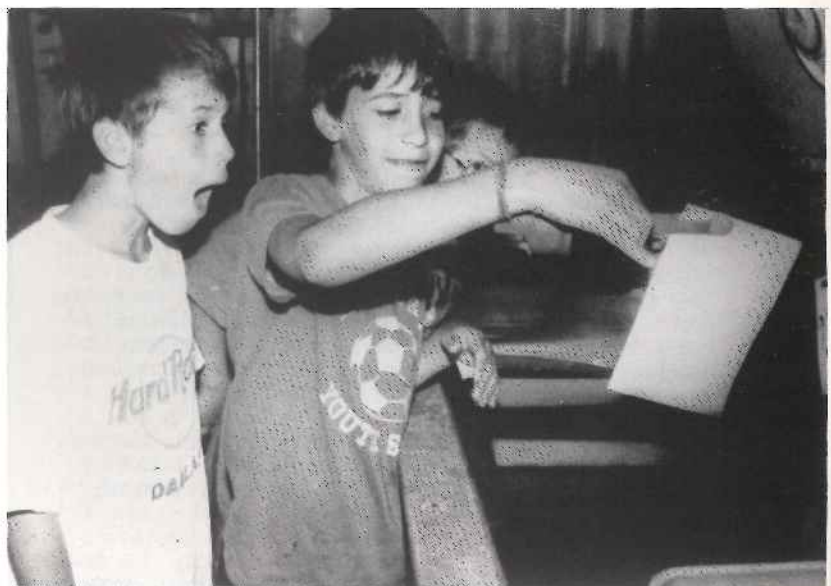

Remember: Can I use your camera? ... Why don't we ever have photo? ... Do you have any pictures of me yet? ... Hey guys, what do you want to photograph today? -- GIRLS! ... Don't open the paper safe in the light ... when Josh Guttman got in through the window and broke into the darkroom ... when Andy Isaacson did it without opening the window (oh, how small is he!)

... when Jack W. came to photo -- we don't ... when Justin W. didn't come to photo -- thanks a lot, Sol!

... printing all those pictures of Cole ... when the Lancers actually came to photo to learn instead of just hanging out (think hard!) ... when Jack lost his camera (no sweat, right?) ... how photogenic Sari and Sara really were ... yes, Brian Ratner, the Browns are a better team than the Steelers and will win the Super Bowl this year (heard it first here!) ... how photogenic Cole thought he was ... feeding the chipmunk (Noah Z. named him Noah Jr.) ... killing all the spiders ... "Can we develop these pictures?" -- "No, they are developed, you mean PRINT ... get it right! ... Green & White ... 25 points to Green ... late night photo ... "Can I have the key?" ... "What do you mean, I can't print tonight -- you're just favoring your team" (right, Jon and Justin?) ... focus on the hair ... test strips? -- what are those? ... printing all of Joan's pictures ... we need more paper, Joan ... Cole's been here! ... when people weren't bugging me for pictures of themselves (everyone except Sally!) ... trying to get Patty (Cakes) to like a picture of herself ... Sally, it was really a good picture of you -- no need to try to kill me! ... retaking some group pictures because of shadows ... "Get this -- it's sure to be Kamp Karacters ..."

Congratulations to Todd Dery for winning Progress and Achievement. Your pictures were great. And to Justin Weiss for winning Effort and Skill. Justin, it was well-deserved -- you worked very hard and your effort and company were appreciated. Now, just learn to like developing! Thanks to Joan for all her help, support and trips to Conway for paper and McDonald's (not in that order, of course!) Everyone have a great year and 1 -- 2 -- 3 -- don't forget to smile!

# RIDING

DAVID SOBEL

REMEMBER WHEN: Bedroom Soirees ... Dave lost his undies ... Dave's and Nikki's Vuarnets ... "Don't ride the goat!" ... Menell's visits ... Midget wrestling ... the illegal alien letter ... when Sherwood jumped from the hayloft .. when Brad rode ... "If you hit Sherwood, it's five points" ... manure fights ... Liz's \_\_\_\_\_ line ... purpeliosis ... horses that can hear through their eyes ... Stephen's incredible Jump Crew ... Boy Eric of the Riven ... Todd's F helmet ... Samurai fights ... Cap't. Mark ... "Looks like there's some new horn formation" ... Dave's surgical skills ... Susan's favorite word - trot ... Wendi didn't fall off ... Nat's radioactive jumpsuit ... Woody thrashed Menachem ... Stephen's seaweed ... whipping ... Beef hitting on the girls from Waukeela ... "Whilst you're down there" ... Nikki wasn't tanning ... Nat's snake .. The Sherwood Forest Hunt, Leisure, Sunbathing, Drinking, Dancing, Jacuzzi, Mudwrestling, Goat and Country Club. If only ... Kieron had gone to University ... Dave had done some work ... Nikki had gotten a letter.

All in all, it was a great summer. Thanks Nat, Kieron, Nikki, Sherwood and all of the horses. Until next year, keep your heels down and your reins short.

It has been said that the sport of foxhunting is "the unspeakable in pursuit of the inedible". As such, the 1987 season at Sherwood Forest Hunt and Leisure was rife with both inedibility and unspeakability.

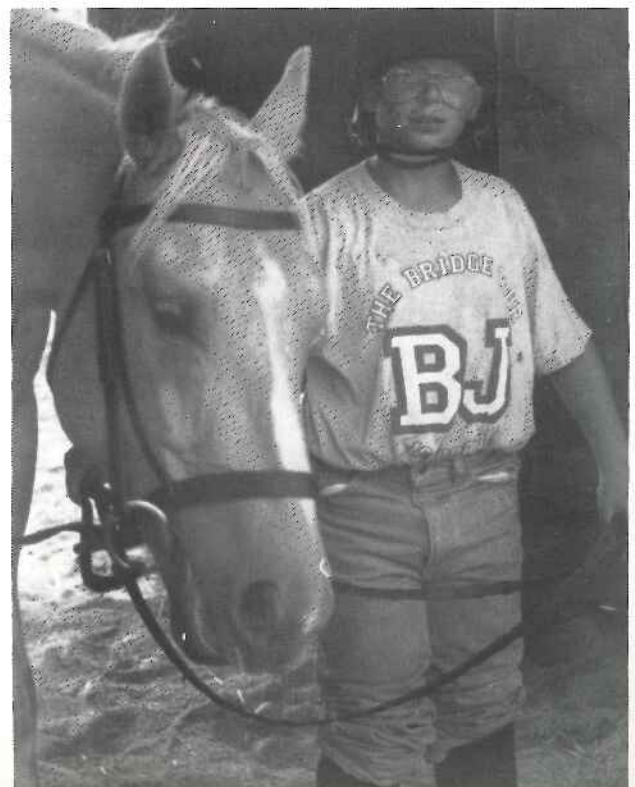

With over 65 riders participating, the equestrian arts were taken to an all-time Realm high. The PJs were full of equestrian talent with Albert Cohen coming in as President of the Tumbler's Club. The Squires were also very active with Doug Lipsky and 16 other riders perfecting their form over fences. In the Archer division, Lou Changchien led the way along with several other fine hunt-seat riders.

In Senior Camp, the Yeomen were led by Jeff Josephson and the Lancers by Josh, Pierre and Craig. The Friars found Ale Schlagel and Nick Coslov. In the Foresters, Todd Cesca certainly deserved this year's Best in Camp award. He is a fine rider, an excellent horseman and an improving instructor. Liz Marshall of the Shires deserved a BIC Honorable Mention.

The summer of 1987 developed into another outstanding season for riflery at Robin Hood. By the end of the camping season 32000 rounds had been fired and 135 shooters had come out to the range to shoot. This year, again, had a very strong group of young, eager shooters, combined with more advanced shooters, giving us a very safe and successful year. By the season's end, over 6400 targets had been submitted for scoring and 80 campers earned their shooting awards, from Pro-Marksman (PM) through Bar 9 (Standing) and the New Light Rifle Program. Among these 80 shooters 205 levels of awards were earned.

Nine Pagers and Jugglers came to riflery many times and learned many new shooting skills and produced some excellent abilities for 7 to 9 year-olds. The high shooter of the group was Jon Kauffman with a 37 in (prone). Sixteen Squires appeared, developing a very enthusiastic group of young men in Junior Camp. They showed a strong interest in improving their skills and learning new techniques. The most improved learners were Mike Deatly and Jeff Jablow, earning PM through Bar 1. The high shooter of the group was Mike Deatly with a 45 in (prone). Nineteen Archers were the most enthusiastic group in Junior Camp, as evidenced by campers like Marc Oliver who earned Bar 3 (sitting) through Bar 8 (standing). The high shooter of the Archers was Matt Cohen with a 48 in (prone).

Twelve Yeomen worked hard at riflery, with David Gershenson also earning the NRA Basic Marksmanship Training Certificate. The leader of the group was Jeff Josephson, with a Bar 2 (sitting) through Bar 6 (kneeling). He was also the high shooter with a 47 in (sitting) and a 45 in (kneeling). The twenty one Lancers who shot were led by Jose Garcia with a 49 in (prone) and 47 in (sitting) and Noah Zamansky with a 50 in (prone). The most improved shooters of the Friars were Scott Elisofon and Danny Isaacson. The high shooters were Scott Elisofon with a 49 in (prone) and Garrett Graue shooting a 50 in (prone). The most enthusiastic shooter of the Foresters was Gary Greaves as the high shooter for the group with a 47 in (prone) and 45 in (sitting) plus a 46 in (kneeling). The Shires showed a lot of patience in learning a new skill, with the high shooters being Monique Conley, 45 in (prone) and Tanisha Jorsling with a 45 in both (prone) and (sitting).

The riflery teams this year were composed of the following: **15 AND UNDER** - Scott Elisofon, Garrett Graue, Dan Isaacson, Mike Leynor, Brian Ratner. **12 AND UNDER** - Jimmy Castle, Lou Changchien, Marc Oliver, Josh Ralby, Noah Zamansky. **10 AND UNDER** - Xander Charity, Andy Isaacson, Jeff Jablow, Doug Lipsky, Michael Weinberg.

Our first intercamp riflery match was the White Mountain Riflery Tournament where Robin Hood competed against five other camps that formed a Tri-State Match. The tournament involved three age group divisions and trophies were given for the best team champions and awards for the individual winners. Camp Robin Hood's tournament standing are as follows:

**15 AND UNDER** - 1ST PLACE TEAM WITH 520 OUT OF 600; 1ST PLACE FOR DANNY ISAACSON WITH 138 OUT OF 150; 2ND PLACE FOR SCOTT ELISOFON WITH 133 OUT OF 150.

**12 AND UNDER** - 1ST PLACE TEAM WITH 523 OUT OF 600; 1ST PLACE FOR NOAH ZAMANSKY WITH 138 OUT OF 150; 2ND PLACE FOR JIMMY CASTLE WITH 138 OUT OF 150; 4TH PLACE FOR MARC OLIVER WITH 129 OUT OF 150. **10 AND UNDER** - 1ST PLACE TEAM WITH 458 OUT OF 600; 1ST PLACE FOR MICHAEL WEINBERG WITH 118 OUT OF 150; 2ND PLACE FOR JEFF JABLOW WITH 115 OUT OF 150; 4TH PLACE FOR XANDER CHARITY WITH 113 OUT OF 150.

Our second rifle match was a 10 and under group competing against Camp Birchmont. Again our team was victorious. As the above standards show, our Sherwood Forest Riflery Teams were composed of extremely high level individuals demonstrating some excellent shooting abilities. May they continue in the future!

Again this season, the Most Improved and Best in Camp awards were not an easy selection. In Junior Camp, Marc Oliver and in Senior Camp, Gary Greaves and Tanisha Jorsling showed patience and good sportsmanship while learning new and harder shooting skills and techniques, earning the camp's Progress and Achievement awards. The Effort and Skill awards were won by Jimmy Castle and Marc Oliver in Junior Camp and Scott Elisofon, Danny Isaacson and Noah Zamansky.

I would like to thank all the campers and staff for their fine efforts and enthusiasm whilst learning how to become safe and good sportsmen.

## SCUBA DIVING

## SIMON BROOKES

1987 SCUBA started cold and murky with an empty SCUBA area, soon to be rectified when as many objects as could be found were sunk, culminating in the temporary sinking of the senior waterfront tower. Plans were already afoot to sink the school bus and the dining hall, but we had in the end to satisfy ourselves with recovering and sinking some old trees, only to find big catfish living in them.

The Squires showed their steel, pushing to go down on tanks. David Greenbaum dedicated himself to gaining progressions with Craig Platt and Michael Brewer enthusiastically taking up the challenge. David helped Eli Eisenberg gain his first progression and Fahed's eagerness was difficult to restrain.

The regular group from the Archers was no less eager and all saw the sailboat and maybe the resident catfish. Remember when Bill Joseph disconnected Josh Lawch's regulator and Josh turned his air on again in the swim dock, with Jimmy Castle and Louis Changchien looking on in amusement.

The most active group had to be the Yeomen. Urged on by their group leader, almost everyone in that group dived with tanks. Remember the trip to the dam to find the dive area had vanished. And the time a big bass turned around and came after us in the swim block after we disturbed him. Remember the dive board and regular greetings sent out to passing boats.

The Lancer group contributed well and began an underwater sculpture constructed out of soda cans to amuse other divers as well as the fish that began to hang out in the nearby sunken boat.

The guys in the Friar group were great and a pleasure to dive with. Nicky Fishman took to it like a fish to water and displayed the calm attitude and confidence that is almost essential to enjoying a good diving career. Nick Coslov, who buddied with Fish, was of a similar calibre and did well this year.

The group that made most use of the SCUBA area had to be the Foresters. The daily routine didn't seem to be quite right unless Todd Cesca and other merry men had wild times on the dive board. Don "Big Daddy" Busiek gained Best in Camp and rightly too, helping to bring up an outboard motor (that is now almost working) on one of several dives looking for the mystery object that fell through the hole in the ice last winter. To this day, it remains a mystery. The French boys made SCUBA fun everytime they attended and enjoyed a good summer diving. Remember the lifesaving lesson on restraints and releases.

All told, though we didn't manage to get to the ocean this year, we had fun and investigated the lake, never quite knowing what we'd find, but always finding something weird like golf clubs or inquisitive fish. My thanks must go to all staff who lifeguarded for snorkelers whilst I was under with other divers; to Brian, the ever-versatile soccer coach who gave us boat escort; and finally to "Bilbo" Joseph for working with me and running the compressor every now and then. We hope you had a good time and will come back again next year for more underwater adventure.

# SAILING

KENNETH MACKAY

The season finished better, weather-wise, than it started with fair winds and plenty of sun. However, the first four weeks were calm, and so every group learnt how to right a capsized boat, and then practiced and practiced and practiced this skill! Most notable in this respect were the Lancers, especially Jeremy Goldberg and Greg Guttman.

The PJs only visited sailing a few times; however, when they did, they had a great time, whether in the minifish or crewing for me in the Tallstar. Moreover, the PJs will be most remembered for their daring attacks on sailing classes during their kayak lessons. Led by the "notorious" AGL, Rap, they proceeded to derig, capsize and generally cause havoc among the sailors, especially the Yeomen. However, it was all in good fun and most enjoyable.

The Squires went sailing on many occasions and many of them improved a great deal. Most notable were Fahed Al Mutawa, David Greenbaum, Jeff Jablow and Craig Platt. Remember that stormy day when the wind was blowing straight onto the beach and the Friars had kayaking and another group were canoeing. While attempting to get off the beach, the Squires ploughed right into the kayakers and canoers and eventually ended up stranded on the far side of the beach, leaving a wake of upturned kayaks and canoes!

The Archers produced a fine crop of young sailors this season and many showed great potential, especially Aaron Adler, Todd Friedman, Josh Guttman, Andy Isaacson and Marc Weinberger. It was thus no coincidence that both "Best in Junior Camp" and "Most Improved in Junior Camp" were to come from this group, with Jon Headley and Josh Lawch picking up the two awards respectively.

The Yeomen, despite suffering from frequent PJ attacks, carried on regardless to show some fine helmsmanship in all weathers and good all-round sailing ability, especially Joey Fishman, David Gershenson, Jeff Josephson and David Perlmutter.

The Lancers proved to be the most difficult group to keep under control, between capsizing their own boats and other sailor's boats and going outside the boundaries. However, they did produce some very able young sailors, especially Josh Ralby and Howie Lesnik. Furthermore, it was from this group that I chose the "Most Improved in Senior Camp" - Greg Cormier.

The Friars proved to be the "Jonah's" of Sherwood Forest Yacht Club this year. Despite having many accomplished sailors, such as Nick Coslov, Nick Fishman, David Horowitz and Ale Schlagel, they also managed to be the only campers to turnturtle the acqua cat. (Well done, David Horowitz, Danny Isaacson and Nick Coslov!) Furthermore, they were the only group to be swept down the channel. Remember that, chaps? I don't think Mike Erdos will forget.

The Foresters were often seen sailing and showed themselves to be very able sailors. Most notable in this respect were Adam Feiner, Steve Goulder, Gary Greaves and Seb Vernaton, who was also probably the best windsurfer in camp. Not only were there good sailors, but there were beginners who improved immensely, especially JP Desbiolles and Don Busiek. Keep it up!

Many of the Shires were very keen and able sailors, especially Monique Conley, Liz Marshall and Meegan Smith. What's more, the "Best in Senior Camp" award went to Tanisha Jorsling, who well deserved it.

Finally, I'd just like to thank both staff and campers at Robin Hood for making this one of the more pleasant summers of my life, and I hope to see you all some day soon. Best of luck in the future!

# SWIMMING

RON WEST

The summer began with sixteen laps  
Which most of the kids passed before they heard taps.  
The testing began from PJs to Friars  
And for the first time in history included the Shires  
Many were placed from beginners to swimmers  
With a lot of splishing and splashing, kicking and  
pulling,  
They all dried off and ended up winners.  
Treading, kicking, shooting and passing,  
Waterpolo was still played and it left everyone  
gasping.

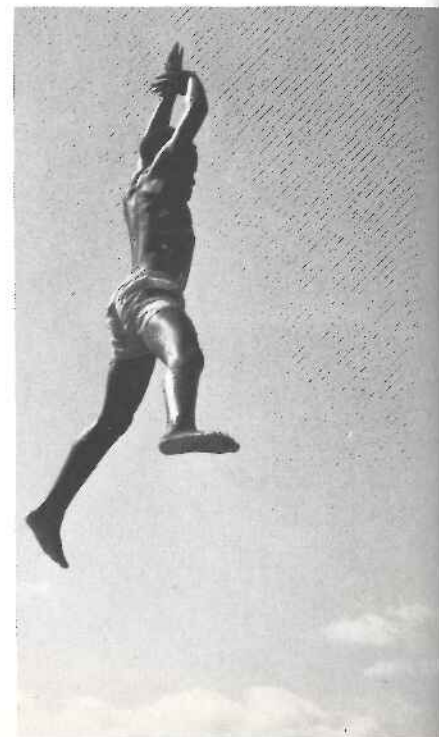

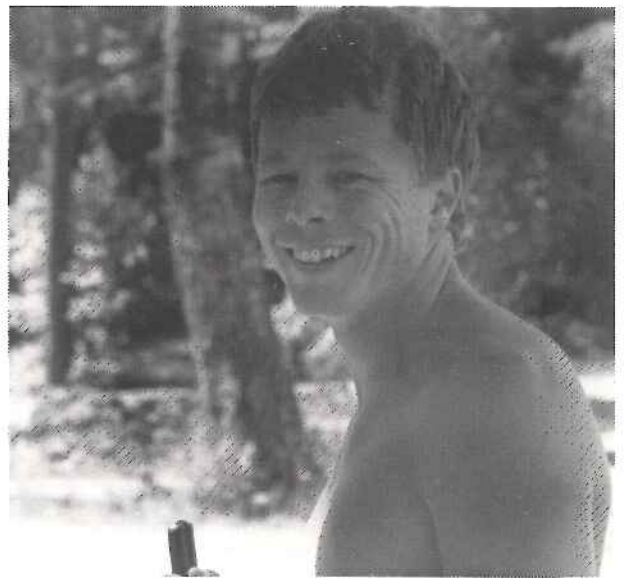

The players swam out to rest for a spell  
And watch the subs try to handle the swell.  
Before long, another game had passed,  
And all had survived, if anyone should ask.  
Clinics were fun as a change of pace.  
They were used to teach kids how to race.  
When kids learned to dive, we taught them to pike,  
For if they landed flat, it sounded like a "splat".  
There were some evening swims to the island and back,  
Escorted by the canoes, which was one of the "do's".  
We would rest at the island while selecting a stone  
Then head on back with our bodies still prone.  
At last! Our beach was finally in reach.  
Another Island Swim swam according to plan.  
Now for some bits and pieces, some odds and ends  
To wrap this up and come to an end.  
Pajama Jumps and Roller Derbies were still in vogue  
But the flashing has ended, for we cannot be rogues.  
Sun-tanning is a sport that has reached the Realm  
Headed by Patty who lies at the helm.  
Suzy was great, though a bit of a flake.  
Mosko was a super aide who made the grade.  
They worked well together which was fine with me,  
For it made my job easier, as anyone can see.  
I thank you all for a wonderful summer -  
See you next year -- I know that waiting is such a  
bummer!

My inspiration and apologies go to Dr. Seuss and Shel  
Silverstein.

# TENNIS

## GEOFF GRANGE

The tennis program this year was very active. There were a lot of matches played against other camps and a lot of tournaments to go to. To these matches we always took a team of 7 to 9 players in the age group we were playing. Our teams did fairly well and they all got plenty of match play practice.

Other active portions of the tennis program were the ladders of the different groups. Challenges were constantly being made and positions fought for. At the end of the year, the number one positions were held by the following: PJ - Skyler Steele (first 4 weeks) and Eric Jelin (second 4 weeks); SQUIRES - Mike Weinberg; ARCHERS - Todd Dery and Canaan Blum, tied; YEOMEN - Mike Feiner; LANCERS - Brian Ratner; FRIARS - Matt Dery; FORESTERS - Jon Dolin; SAXONS - Craig Shensa; SHIRES - Monique Conley.

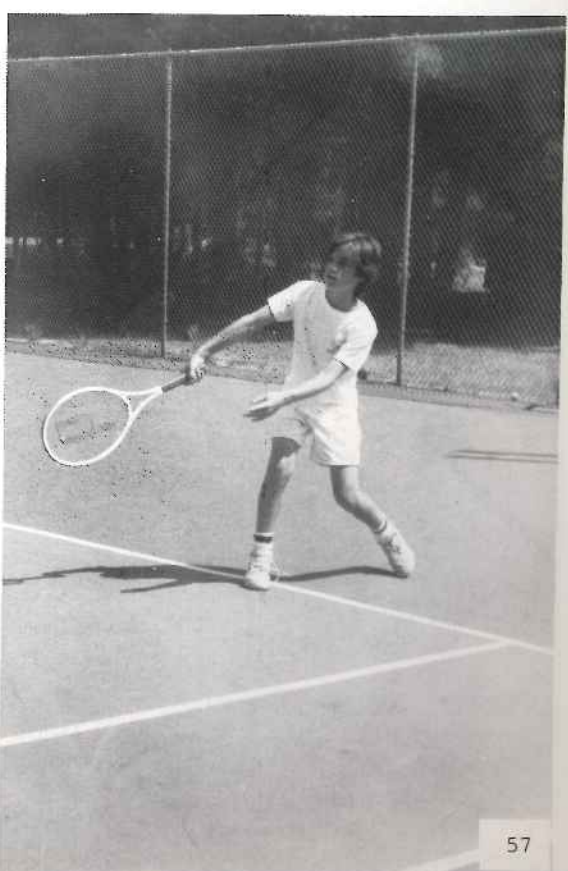

The Robin Hood Camp Tournament also involved some lively competition. Howie Lesnik made a nice comeback to defeat Abdul Al Mutawa 0-6, 7-5, 6-0 in the Senior Camp singles. In Senior Camp doubles, Matt Dery and Brian Ratner defeated Josh Lipsky and Josh Pimentel. Lipsky and Pimentel had defeated a tough team of Abdul Al Mutawa and Eric Nadler to reach the finals. The Junior Camp singles title was won by Todd Dery who defeated Canaan Blum. These two were battling it out all summer long, alternating wins. Canaan and Todd then teamed up to win the Junior Camp doubles, defeating Andy Isaacson and Lou Changchien.

Another entertaining event held on the courts was the Camper-Counselor doubles championship. The top two teams were David Cole /Eric Nadler and David Selman/Matt Dery. Cole and Nadler had the highest number of points but agreed to a playoff which ended in a tie, one set all, and time ran out. Both teams were very competitive.

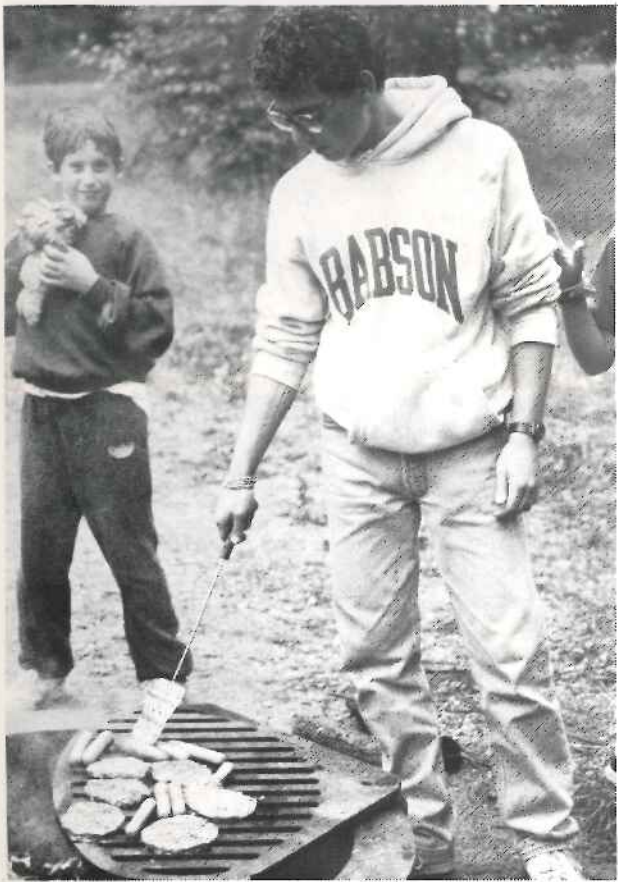

One of the most important awards given was for the Most Improved camper. Abdul Al Mutawa won this award for his constant striving to improve his strokes and for proving to be a very eager learner.

Some tennis tips to remember which were repeated many times during the summer: 1. Use a looping backswing on your forehands, and brush up the back of the ball for top spin. 2. Approach the backhand grip for serving. 3. If you have a two-handed backhand and don't use a backhand grip, you must learn to use a one-handed backhand grip for backhand slices and backhand volleys, the two shots you must go one-handed with. Practice on the backboard -- it is a very good place to teach yourself new strokes.

A VERY BIG THANKS TO CHRIS DASSONVILLE  
FOR ALL HIS HELP THIS SUMMER.

# WATERSKIING

JIM SCHLEUTKER

Dawn launch, Broad Bay, Lake Ossipee. The subject? Waterskiing. The material? Veteran boats and fresh kids of all ages. The formula? Your arms straight, knees bent, eyes on the back of the boat and hold it till you feel the air!

In the PJ group, Jon Kauffman and Evan Spielman showed the boys how to do it. These boys are little but they have a lot of heart. Next, Skylar Steele was showing them he had guts, and to follow later in the season was Matt Leebow, Geoffrey Graue and Eric Jelin, all proving to be quite talented.

The Squires were still mostly beginners but they came on strong! Michael Brewer had never skied before but molded like clay. Todd Barnett was quite a competitor and Eric Leebow wanted it badly (he made it all the way around the lake. Now do you believe?) Jeff Jablow made sure he came through also by the end of camp.

The Archers have a growing talent for all sports. I could usually depend on Blake Swerdloff, Jon Leebow and Lou Changchien to get up throughout the day. Also Marc Oliver, Todd Dery and Andy Isaacson gave me a time I would never forget. And by the way, Josh Guttman and Jon Headley look like brothers on skis.

And now for the Yeomen, the group I bunked with. This is where I could get back at the boys for those sleepless nights and the bathrooms that didn't get cleaned. So we pulled Josh Gottheimer a little bit faster and Joey Fishman a little faster and Jack Weiner with a little bit more speed. But they kept up! Next year I know that David Perlmutter, Corky Stern and David Gershenson will perfect their styles. Michael Feiner, Danny Kay and Jeff Josephson were top skiers for the Yeomen.

The Lancers, led by our fearless co-driver Andy Solomon, were a very active waterskiing group with Noah Zamansky leading the way with experience, strength and talent. Next in line were Josh Rabby, Josh Moskowitz and Brian Ratner, who all have mastered a Slalom start. Howie Lesnik decided to concentrate on trick skis this summer and was very successful. The rest of the Lancer crew improved dramatically as well and next year should prove to be another exciting waterskiing summer.

The Friars were probably the strongest group as a whole. My Most Improved skier was Nick Fishman, with Honorable Mention to Nick Coslov. Evan Swirsky was voted (by me, of course!) my "clown on skis". Jamie Judelson was the Rock of Gibraltar on two skis. I couldn't dump him. Don't forget Pietro Gianni who was right up there with the rest. David Horowitz will master the slalom start one of these years!

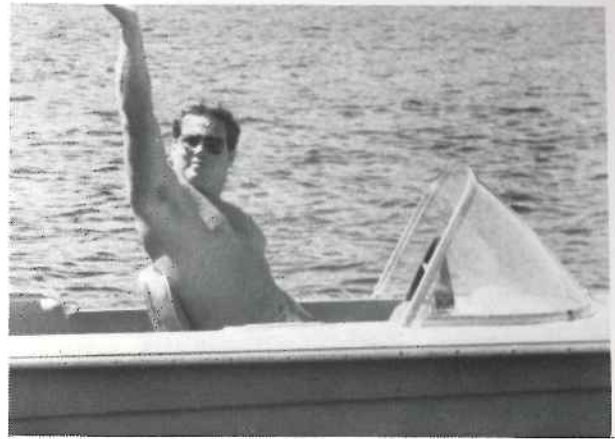

The Foresters, led by Woody as coach, proved to be more elegant in the water than in the forest! Bursting through with power was camp's best, Matt Baumuel, who skied with the grace of a hummingbird, cutting in any direction he wished. We also had nice improvement from Seb Vernaton, Gary Greaves, Gary Wayne and Eric Levy.

The spotlight shines on Saxon Evan Kern for always trying to get up on one ski and skiing beautifully by the end of the year.

The Shires were a pleasure to have on my dock to brighten my day. They all gave it a shot, led by Wendi Newman and Jen King on the slalom ski. Meegan Smith had much improvement in four weeks. The Nadler girls gave it a good go -- they will have to teach their mother how to ski because I can't!! A special thanks to Jenny Kellman for daring in 1987.

And that sums up the year in waterskiing as the sun sets behind the White Mountains and the water calms down and I pump the boats out one more time.

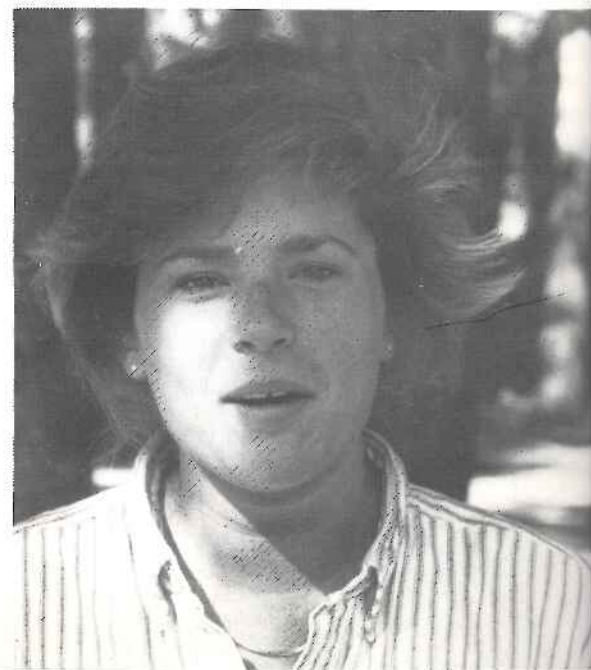

P.S. No, you can't go for a ride, you're here to ski!
